The first Manual for the guidance of staff dealing with Establishment matters was published in 1960. This edition embodied all administrative orders on Code rules and allied Establishment matters issued by the Railway Board from time to time and current up to 31st March, 1959. The Second edition was published in 1968, embodying corrections up to 1-4-1968.

2. The Railway Board decided to revise all the Railway Codes and manuals with a view to simplifying them and bringing them up-to-date. The revision of the Indian Railway Establishment Manual was accordingly undertaken. While approving the format for the revised Manual, the Board decided that the subject matters finding a place in other codes and publications may not be included in this book to avoid duplication. As such, Chapter Nos. X, XIII, XIV, XIX, XX, XXI, XXVIII, XXXI to XXXV, HOER and all Appendices except Appendices I to IV have been kept out of the scope of this Book.

3. In this revised edition of, the Manual, chapters of the 1968 edition have been rearranged after incorporating the present day position. The provisions and chapters included in this edition supersede those on the subjects contained in the 1968
edition to the extent these have been revised and incorporated in this Volume. For Labour Laws, the rules contained in the original Acts, as amended from time to time, will hold good and may be used for reference. It must be noted that provisions of this Manual do not supersede the rules contained in any of the Indian Railway Codes, and in case of conflict the latter should prevail.

4. This edition is published in two volumes in diglot form as per Government of India's Policy. Volume I contains Chapters I to XVI and Appendices I to IV and Volume II Chapters from XVII to XXVI.

5. Corrections to this Manual, when published will be serially numbered. The corrections will be printed on one side in Hindi and English, both in loose leaves, so that these may be pasted at the relevant places.

6. It is requested that any error or omission or any suggestion for inclusion of any matter in this Manual or for the improvement or amendment of any provision contained therein, may be addressed the Secretary, Railways Board, through proper channel.

Dt. 5-5-1990                                                                                                                                          Secretary/Railway Board.

TRAINING OF INDIAN RAILWAY ACCOUNTS

SERVICE PROBATIONERS

Normal period of training: The period of training of probationers in the Accounts Department will normally be two years. Throughout the period of their training they will be required to maintain a diary and submit a monthly narrative report to the Financial Adviser and Chief Accounts Officer.

The detailed course of study may be laid down by the Railway Staff College in consultation with Railway Board subject to the general rules given below:

The Probationary Accounts Officers should in the beginning be given special lessons embracing a broad outline of the Railway Organisation and the various units of its administration by the Financial Adviser and Chief Accounts Officer or a Senior Officer. They should also see the detailed working of each branch of the Accounts Office where they may be receiving training and also peruse important current cases put up to the Section Officers and discuss such cases with them.

NOTE 1. The training in all the branches and divisions of the Railway Accounts Offices will be of a practical nature and while undergoing practical training the Probationary Accounts Officers will study the several Code Rules and Regulations and orders that bear on the practical working.

2. The necessary duration of the course of training must vary with the industry and ability of the probationers and it
is, therefore, not desirable that the Heads of Offices should rigidly adhere to the periods specified in the foregoing paragraphs. On no account, however, should be training be hurried, and the Financial Adviser and Chief Accounts Officer must satisfy himself that the Probationary Accounts Officers have acquired a competent knowledge of the ordinary duties of the several branches of his office.

**DEPARTMENTAL EXAMINATIONS**

(1) The Departmental examinations in the subjects in the Schedule will be held at half-yearly intervals on such date as may be fixed from time to time by the Railway Staff College.

(2) No Probationary Accounts Officer will be allowed to appear in the Second and Third Departmental Examination until he has completed his training in subjects prescribed therefore in the Schedule referred to in (1) above.

(3) Those who obtain 40 per cent of the marks in each of the subjects and 50 per cent in the aggregate will be held to have passed the examination. Those who fail in an examination as a whole will be held to have passed and to be exempted from re-examination in the subjects in which they obtain 60 per cent marks. These marks will be taken into account in reckoning the minimum aggregate at a later examination.

(4) The Probationary Accounts Officer is required to pass the departmental examinations within a period of three years after recruitment. In case he fails to do so, he will be liable to lose his appointment. But if the first examination is held within six months of a Probationary Accounts Officer's joining the service, it will not be taken into account and the period of three years will be extended to allow one further chance.

(5) An Officer recruited to the Department will be on probation for two years and until he has passed the second Departmental Examination and the test at the Railway Staff College, Baroda, and has satisfactorily completed training in all subjects. Probationary Accounts Officers will be counted against the sanctioned strength of the office to which they are posted after the end of two years or from the date on which the results of their having passed all the Departmental Examinations and the test at the Railway Staff College, Baroda, are received in the office to which they are attached, whichever is earlier, provided in either case they have satisfactorily completed the training in other respects.

**NOTE.** The Probationary Accounts Officers under training at the Railway Staff College, Baroda, may be allowed more than one chance to pass the training course but they would not be confirmed till they have passed it, their training period being extended accordingly with consequent extension of the total probationary period.

(6) The Departmental Examinations will be held in accordance with the rules to be framed by the Railway Board and will be conducted under their direction by the Railway Staff College, Vadodara. The examination will be conducted in three parts. The first examination will be held shortly after completion of the theoretical training in the first three courses mentioned in para 3, the second one six months or so thereafter and the third after another six months or so. The subjects to be covered by each examination and the books recommended therefore are shown in Annexure II. Each of the question papers will contain at least one question of the following types and of these at least two would be compulsory:

(i) One practical question e.g. auditing on actual vouchers (for which purpose, a photocopy of the voucher to be audited would be attached to the question paper);

(ii) The interpretation of the financial/statistical data and understanding of diagrams and graphs; and

(iii) An objective type of question, i.e. short answer tests, True/False test, Matching Items test, Multiple choice tests, Assertion/reason tests etc.

The remaining questions would be such as to test the probationers' understanding, rather than knowledge of the rules and procedure.

3. The examination will be conducted by the Head of each Office, who will also decide the intervals at which it should be held.

   (ii) Relaxation in age limits for other categories of candidates like the physically handicapped, ex-servicemen etc. will be governed by orders issued by the Board from time to time.

(vi) **Procedure of Recruitment**: An Employment Notice indicating the total number of vacancies, the number of vacancies reserved for scheduled castes and scheduled tribes and ex-servicemen, scale of pay, qualifications prescribed etc. as well as the last date for receipt of applications, should be prepared in due time and issued to Employment Exchanges within the recruitment unit and to the recognized Associations of scheduled castes and scheduled tribes so that adequate publicity is given with a view to attracting the maximum number of local residents. The notices should also be
sent to Special Employment Exchanges and the Vocational Rehabilitation Centres in the case of vacancies reserved for physically handicapped and to the Director General (Resettlement) and the Rajya and the Zila Sanik Boards in the case of vacancies reserved for ex-servicemen. Copies of these notices should also be exhibited on notice boards outside railway offices etc. situated in the area of recruitment.

These may be limited in proportion to the total vacancies available in the recruitment unit concerned. In other cases, where literacy is not required for competence in the job and is not prescribed, applicants applying directly to the Railway Administration should also be considered and registration at an Employment Exchange should not be made obligatory.

(b) For the convenience of serving railway employees applications from their sons/immediate dependents may be received by the Railway Administration direct. They should be got registered in an Employment Exchange by deputing a Welfare Inspector, if necessary, for this purpose and will thereafter be eligible for consideration along with others. It is not necessary that their names should be nominated by the Employment Exchange concerned. In cases where the Employment Exchanges do not accept applications from such candidates and they require the candidate concerned to appear before them in person for registration of his application such applicants may be considered without their getting registered at the Employment Exchange. At the time of selection no discrimination can be made between a candidate applying direct to the administration and the one nominated by the Employment Exchange and only the most suitable ones will be selected for appointment. Applicants belonging to the Scheduled Castes and Scheduled Tribes even though they are not sons/immediate dependants of serving railway employees may also be given the benefit of getting their applications registered at the Employment Exchanges through a Welfare Inspector as indicated above.

(ix) The number of applicants to be called for trade test/interview should be generally 3 to 5 times of the number of vacancies to be filled.

(x) As Group 'D' vacancies generally attract local residents, the applications of such candidates received by the administrations should be given full consideration at the time of selection.

(xi)(a) The selection Board for recruitment of Group 'D' posts including screening of Casual labour/substitutes shall consist at least three members, one of whom should belong to the SC/ST communities and another to minority communities. No member of the Committee shall be directly subordinate to any of the other members. They should also be furnished with a detailed brief indicating the reservation for SC/ST according to rules, the procedure to be followed in the Selection and other allied information as may be of help to him in conducting the interviews. The non-official member may be issued a free first class railway return journey pass and also permitted the free use of railway rest
Note: All inclusive remuneration of Rs. **20/-** per day may be given to an outsider, whether co-opted locally or from outside.

[Authority: No. E(NG)III/77/RC-1/90 dated 16-3-78].

(xi) Panels: The list of selected candidates will be pasted on important Notice Boards throughout the area of recruitment after each selection. No allowance should be made for medically unfit candidates etc. The currency of the panels should be normally one year. In exceptional circumstances it can be extended by one year with the personal approval of the Chief Personnel Officer [No. E(NG)II/84/RC-2/21 dated 16-11-1984].

Such of the workmen as join service before attaining the age of **28** years may be allowed relaxation of maximum age limit prescribed for Group 'D' posts to the extent of their total service, which may be either continuous or broken periods.

(c) A register should be maintained by all Divisions concerned to indicate the names of casual labour, substitutes and temporary workmen who have rendered **120 days in open line or 360 days in projects** either continuous or in broken periods, for the purpose of future employment as casual workmen and also as regular employees, provided they are eligible for regular employment. The names should be recorded strictly in the order of their taking up casual appointment at the initial stage and for the purpose of empanelment for regular Group 'D' posts, they should as far as possible, be selected in the order maintained in the aforesaid registers. In showing preference to casual labour over other outsiders due consideration and weightage should be given to the knowledge and experience gained by them. Other conditions being equal, total length of service as casual labour, either continuous or in broken periods, irrespective of whether they have attained the temporary status or not, should be taken into account so as to ensure that casual labour who are senior by virtue of longer service are not left out.

Promotion to lower grades in Group 'C': Lower grades in Group 'C' like Junior Clerks, Material Checkers, etc. in scales such as Rs. 825-1200 should be wholly filled by promotion from Group 'D' railway servants who have put in 3 years service. In the case of posts which are in the normal avenue of promotion to Group 'D' railway servants, promotion should be made from amongst the railways servants of the Deptt. concerned in each promotion unit on the basis of seniority-cum-suitability after holding such written and/or practical tests as may be considered necessary. In the case of posts which are not in the normal avenue of promotion, promotion should be made on the basis of selection after holding such written and/or practical test as may be considered necessary and from panel drawn and according to prevailing rules in respect of selection posts.

[Authority: No. E(NG)I/71/CFP/22 dated 28-7-71].

189. Promotion to higher grades in Group 'C': Railway servants in Group 'D' categories for whom no regular avenue of promotion exists 33 1/3% of the posts in the lowest grade of Commercial Clerks, Ticket Collectors, Trains Clerks, Office Clerks, Stores Clerks, etc. should be earmarked for promotion. The quota for promotion of Group 'D' staff in the Accounts Deptts. to Group 'C' post of Accounts Clerks will be 25%.

Promotion to Group 'C' will be subject to the following conditions:

(i) All promotions should be made on the basis of selection. There should be written tests to assess the educational attainments of candidates. Group 'C' categories referred to above should be suitably linked with specified categories in the lower grades on broad affinity of work to form groups for promotion but it should be ensured that the prospects are made equal in the different groups. The test should be correlated to the standards of proficiency that can reasonably be expected from railway servants who are generally non-matriculates. The aim of the examiners should be to assess the general suitability of the Group 'D' railway servants offering themselves for promotion to Group 'C' posts from the point of view of their knowledge of English and their general standard of intelligence. The factors of selection and their relative weight will be as indicated below:

Note: 1. Written test should consist of one paper of 3 hours duration divided into two parts - Part 'A' to test the working knowledge of the Railway servant of the English language and Part 'B' his general standard of intelligence and proficiency through questions in Arithmetic, General Knowledge mainly pertaining to Railway matters and matters immediately pertaining to the work he has been acquainted with during his Railway service. In drawing up the questions it must be ensured that they are not set as such a standard as to make it impracticable for a Group 'D' railway servant of average intelligence and normal standards of efficiency to qualify in the test.

(2) Assessment under the heading Record of Service will be based on entries in the Service Book/personal file regarding academic/technical qualifications, awards/punishments, etc.

(3) Selections should not be restricted to three times the number of posts to be filled but kept open to all eligible candidates who would like to be considered for such selections.

(4) All those who qualify on the basis of written test and Record of Service, the qualifying percentage of marks being prescribed by the General Manager, should be included in the panel in the order of their seniority for promotion against the yearly vacancies available for them in Group 'C' categories.

(ii) Group 'D' railway servants to be eligible for promotion to Group 'C' posts should have put in a minimum 3 years of continuous service. This does not apply to Scheduled Castes and Scheduled Tribes candidates.

(iii) For promotions to Group 'C' posts in the Ministerial cadre, Group 'D' staff will be required to possess a typing speed of 30 w.p.m. in English or 25 w.p.m. in Hindi. Promotions may, however, be allowed on provisional basis and the concerned staff given two year's time from the date of promotion, to qualify the prescribed typewriting test; and if they fail to qualify the typewriting test within the said period, they will be liable to be reverted.

(iv) Training:

(a) The standard of training imparted to the Group 'D' railway servants selected for Group 'C' posts should be the same as for direct recruits for the same Group 'C' categories and in the case of failures in the first attempt such employees may be given second chance to qualify.

(b) Group 'D' railway servants when promoted to Group 'C' posts in the Accounts Deptt. shall go through the same training and test and shall be subject to the same conditions of service as are in force for the new recruits. During the period of their training they would get as stipend the pay that they would have normally drawn on promotion to Group 'C'. All allowances like Dearness, Compensatory and House Rent Allowances will be allowed to them at the scales applicable, had the stipend been treated as pay.

Note: Employees in lower Group 'C' scale of Rs. 825-1200(RPS)/ 2750-4400 (RSRP) and Rs. 950-1400(RPS)/ 3050-4590 (RSRP) for whom no regular avenue of promotion exists will also be eligible to appear in the selection held for promotion of Group 'D' employees to Group 'C' against the prescribed quota.

189-A Promotions of Persons with Disability: - There shall be no discrimination in the matter of promotion merely on ground of physical disability. This will apply to the categories of staff who have been recruited from the open market against the vacancies reserved for recruitment of physically handicapped and the staff who acquire
disability during service and are absorbed in suitable alternative employment as per provisions contained in Chapter-XIII. Such staff will be considered for promotion in their turn based on their eligibility and suitability along with others in the selection/suitability/trade test, for promotion to higher grade post.

101. There is no bar to employment on Railway of persons who may have suffered from tuberculosis in the past but are certified by tuberculosis/chest specialist of Govt. Tuberculosis and Chest Institution or Medical College as healed case & fit for employment, provided such persons are also certified by the Railway Tuberculosis and Chest Specialist as non-infectious and healed or by Medical Board as the case may be.

102. A Railway employee whose services are terminated either because of non-availability of leave (including extra ordinary leave) to his credit or because he was declared unfit for all category, as there appears to be no reasonable prospect of the employee ever being fit to resume duty (i.e. under Rule 519-R-I (1985 edition) which should, however, be used with due care so as not to cause unnecessary hardship in tuberculosis cases) may on recovery and on his being certified by a tuberculosis and Chest Specialist of Govt. Tuberculosis/Chest Institute or Medical College as non-infectious and healed and fit for employment even in permanent capacity, in suitable post provided such person is certified by the Railway Tuberculosis/ Chest Specialist as noninfectious and healed or by Medical Board as the case may be. Re-employment of such persons after full treatment in categories like Nurses, cooks etc is no bar. However, they should be checked periodically for their condition.

103. The following special concessions will be admissible:

   (a) When re-employed in permanent posts, they may be confirmed therein out of turn provided they were permanent before their services were terminated;

   (b) If only temporary, they may be confirmed giving due credit for previous service for this purpose only;

   (c) The pay on re-employment should be so fixed that as far as possible there is no diminution in emoluments.

   (d) Leave. The balance of leave at credit, if any, should lapse and the railway servant must be brought on to the Liberalised Leave Rules;

   (e) Provident Fund and Special Contribution to Provident Fund and Pension. The Railway servants should be treated as reappointed and governed by the Pension Rules as applicable to railway servants on or after 16th Nov. 1957, the break in service being regulated on the lines of the provisions of rule 2609 (C.S.R. 519) RII.(old) Condonation of breaks in service for the purpose of provident fund and special contribution will not arise in such cases.

   (f) Passes and Privilege ticket orders. Condonation of breaks in service for this purpose will accrue only when such breaks are condoned for the purpose mentioned in item (e) above.

Note. Re-employment of gazetted railway servants on above mentioned conditions requires Railway Board's orders.

104. The service rendered by the ex-tuberculosis patient before his discharge from service on account of tuberculosis will count for eligibility to appear in departmental tests/examinations as if there had been no break in the service.

105. The above concessions will apply to pleurisy/ leprosy patients also whose services are

SECTION 'D'

VERIFICATION OF CHARACTER AND ANTECEDENTS BEFORE APPOINTMENT AND EXCLUSION FROM GOVERNMENT SERVICE

101. The appointing authority should satisfy itself that the character and antecedents of the person proposed to be appointed are such as do not render him unsuitable for appointment to Government service in accordance with the instructions issued by the Railway Board to Railway administrations from time to time.

SECTION 'F'

Confirmation

PART I - PROVISIONS IN FORCE UPTO 31-12-1988

101. General Principle:

(i) Two or more railway servants cannot be appointed substantively to the same post at the same time.

(ii) A railway servant cannot be appointed substantively except as a temporary measure to two or more permanent posts at the same time.

(iii) A railway servant cannot be appointed substantively to a post on which another railway servant holds a lien.

102. Date of effect: Confirmation may be given retrospective effect from any date provided that:

(a) a substantive vacancy existed on that or from an earlier date;

(b) the railway servant was actually holding, otherwise than as purely local or temporary arrangement or would have held such a post but for his appointment to a higher or equivalent post;

(c) in the case of selection posts, confirmations should follow the order of seniority assigned by the selection board in the panel for promotion excepting that those who are not considered fit for confirmation will be superseded;

(d) other requirements of rules regulating appointments and confirmations are satisfied and the railway servant concerned would have been confirmed in the post had the existence of the permanent vacancy been known on the relevant date;

(e) in the case of a railway servant, whether permanent or temporary, who is on leave preparatory to retirement or leave after invalidation or dies while in service, a permanent vacancy is available before the date of his actual retirement i.e., the date of expiry of such leave or death, as the case may be.

Note: 1. The case of the senior person who has been superseded may be reviewed
after six months or a year and if he is found fit, he should be confirmed without affecting his seniority. If he is not found fit for confirmation even at the time of review, he should be deemed to be unfit for holding the post and reverted to the lower grade post after following the prescribed procedure. This principle should also be followed in the case of staff who are promoted against non-selection posts on the basis of seniority-cum-suitability.

2. So far as Railway servant governed by ex-company or State Railway Leave Rules is concerned, the relevant date for the purpose of sub-para ‘e’ above should be deemed to be the date on which his lien is terminated whether on expiry of the privilege leave portion of the leave preparatory to retirement or otherwise.

3. The benefit of retrospective confirmation should not be allowed to temporary railway servants who resign from service except when resignation is with a view to taking up employment, with proper permission with another Government Department/Public Sector Undertaking/Autonomous Body.

4. For the purpose of service referred to in sub-para ‘e’ above, the period of refused leave under rule 2127 R-I will not be included.

5. The benefit of confirmation should not be allowed in higher officiating post to an employee who was confirmed in lower post but was officiating in higher post at the time of resignation.

103. Confirmation during penalty: Subject to the conditions in para102 above, an employee undergoing a penalty of withholding of increments (with cumulative or non-cumulative effect) should be confirmed from the date the vacancy actually falls but the actual order of confirmation should be issued only after expiry of the currency of the penalty, confirmation being given retrospective effect. Similarly, the case of a person undergoing penalty of reduction to lower stage in time scale may also be considered for confirmation. However, in the case of punishment of reduction to lower time scale of pay, grade, post or service, the confirmation case may be decided on the basis of the seniority position after the penalty is over and the employee has been restored to the post or grade in which confirmation is to be made.

104. Provisional confirmations: A railway servant may be provisionally confirmed against a post on which another railway servant holds a lien, which is suspended on account of:

(a) the latter's appointment in a substantive capacity:
   (i) to a tenure post, or
   (ii) to a permanent post outside the cadre on which he is borne, or
   (iii) provisionally, to a post on which another railway servant would hold a lien had his lien not been suspended, or

(b)(i) his deputation out of India, or
(ii) his transfer to foreign service, or
(iii) the post falls vacant in circumstances not covered by clause (a) above, e.g. when a railway servant is transferred, whether in a substantive or officiating capacity, to a post in another cadre.

and in any of the above cases, there is reason to believe that he will remain absent from the post on which he holds a lien for a period of not less then three years. The provisional confirmation, shall, however, be cancelled as soon as the railway servant's suspended lien revives.

This concession will, however, be restricted to only one man against one post at a time where the lien is suspended under clause (b), that is to say, after a railway servant acquires a provisional lien on a particular post under circumstances
mentioned under (b), his lien cannot be further suspended so as to permit another
railway servant to be confirmed provisionally against that very post.

105. Erroneous Confirmations:

I. Cases where confirmations were erroneously made and where orders have to be
rescinded may fall into one of the following categories, e.g.:

1. the order of confirmation was clearly contrary to the relevant
   statutory rules and there is no power or discretion to relax the rules.

2. the order of confirmation was made when there was no substantive
   vacancy and the confirming authority had no power to create the
   post in which the railway servant was confirmed.

3. the order of confirmation was made in error, e.g. naming wrong
   person, mistaken identity.

4. where confirmation is contrary to executive orders or administrative
   instructions, as for example, where there is a clerical mistake in
   determining the relative seniority of a person to be confirmed or an
   order of confirmation in a particular grade has been issued by an
   officer who is not competent to do so.

II. The General Manager or any other officer not below the rank of Level-1
Head of the Department so far as non-gazetted Railway Servants are
concerned may decide the cases of rescinding confirmation effected in the
circumstances enumerated in (1) to (4) above.

106. A railway servant should be confirmed in the grade in which he is originally
recruited and not in a grade lower than that.

107. In respect of categories of non-gazetted staff which are filled partly by
promotion and partly by direct recruitment, Railway servants sometime continues
to officiate for several years without being confirmed on the ground that they
were in excess of the promotion quota. In such a case, where a railway servant is
put to officiate for five years or more, he should be confirmed against the quota
reserved for direct recruitment, if he had been appointed on a regular basis after
due selection or suitability test.

108. Cases of staff promoted on a regular basis should be reviewed after
completion of one year's continuous officiating service, even if a permanent
vacancy does not exist, with a view to determining their suitability for retention in
the grade. The review should be completed early and a decision to retain the
employee in the officiating post or revert him, taken and implemented within a
period of 18 months of officiating service. Having followed this procedure, there
should be no question of denying the benefits of confirmation to an employee on
completion of two years officiating service in a clear permanent vacancy for the
reason that he is unfit for confirmation.

109. Staff for whom knowledge in First Aid has been prescribed as essential must
keep it alive throughout the entire period of their service. Those who fail to
acquire the knowledge of First Aid within a specified period of time may be
punished with stoppage of increments or withholding of promotions after giving
them a 'Show cause Notice' and following the other disciplinary procedure.
Pharmacists should be confirmed only after they have qualified in the First Aid
examination.

110. Creation of Supernumerary Posts:
Subject to the observance of the
principles set out below, supernumerary posts may be created by the Railway
Administrations under their own powers to the same extent to which they are
competent to create regular permanent posts. Cases, where deviations from the
general criteria mentioned below are involved, may be referred to the Railway Board.

(i) A supernumerary post is a shadow post i.e. no duties are attached to the post. The Railway servant whose lien is maintained against such a post performs duties in some other vacant temporary or permanent post.

(ii) It can be created only if another vacant permanent or temporary post is available for the railway servant whose lien is to be protected by the creation of the supernumerary post. In other words, it should not be created in circumstances which at the time of the creation of the post or thereafter, would lead to an excess of the working strength.

(iii) It is personal to the railway servant for whom it is created and no other railway servant can be appointed against such a post. It stands abolished as soon as the railway servant for whom it was created vacates it on account of retirement or confirmation in another regular permanent post or for any other reason. In other words, no officiating arrangements can be made against such a post. Since the supernumerary post is not a working post, the number of working posts in a cadre will continue to be regulated in a manner that, if a permanent incumbent of one of the regular posts returns to the cadre and all the posts are manned, one of the railway servants of the cadre will have to make room for him. He should not be shown against a supernumerary post.

(iv) Railway administration should maintain a record of supernumerary posts, the particulars of the individuals who hold lien against them and the progressive abolition of such posts and when the holders of the posts retire or are absorbed in regular permanent posts, for the purpose of verification of service for pension etc.

PART II - PROVISIONS IN FORCE FROM 1.1.1989

Confirmation delinked from the availability of permanent posts

111. General Principles : From 01.01.1989 :

(i) Confirmation of a Railway servant is delinked from the availability of permanent posts in the grade. In other words, a railway servant who has successfully completed the probation may be considered for confirmation.

(ii) Confirmation will be made only once in the service of a railway servant which will be in the entry grade.

112. Confirmation in the Grade to which initially recruited :

(i) A two years probation period should be introduced in all recruitment grades. Where initial training period is prescribed, such as in the case of Apprentice PWIs, Traffic Apprentices etc., the probation period will start after a successful completion of training.

(ii) The appointee should satisfactorily complete the probation.

(iii) The procedure existing prior to 01.01.1989 for considering a railway servant as eligible for confirmation should continue to be followed.

(iv) A specific order of confirmation will be issued when the case is cleared from all angles.

113. Confirmation on Promotion :

(i) A probation period of 12 months should be prescribed in all grades of
promotion.

(ii) The Appointing Authority will, on completion of the said period of probation, himself assess the work and conduct of the railway servant and, in case the railway servant is found fit to hold the higher grade, he will pass an order declaring that the person concerned has successfully completed the probation. If the Appointing Authority considers that the work of the railway servant has not been satisfactory or the same is needed to be watched for some more time, he may revert him to the post or grade from which he was promoted, or extend the period of probation, as the case may be.

(iii) Since there will be no confirmation on promotion before an official is declared to have completed the probation satisfactorily, a rigorous screening of his performance should be made and there should be no hesitation to revert a person to the post or grade from which he was promoted, if his work during probation has not been satisfactory. The screening should be completed early and a decision to declare the employee as having completed the probation satisfactorily in the higher grade, or to revert him, should be taken and implemented within a period of 6 months of completion of period of probation."

114. Lien :

(i) With effect from 01.01.1989 the concept of lien as the title of a railway servant to hold substantively a permanent post will undergo a change. Lien will represent only the right/title of a railway servant to hold a regular post, whether permanent or temporary, either immediately or on the termination of the periods of absence. The benefit of having a lien in the grade will thus be enjoyed by all the railway servants who are confirmed in the grade of entry or who have been promoted to a higher post declared as having completed the probation period prescribed under the rules.

(ii) The above right/title will, however, be subject to the condition that the junior most persons in the grade will be liable to be reverted to the lower grade if at any time the number of persons so entitled is more than the posts available in that grade. For example, if a person who is confirmed or whose probation in a higher post has been declared as having been completed reverts from deputation or foreign service and if there is no vacancy in that grade to accommodate him, the junior most person will be reverted. If, however, this railway servant himself is the junior most he will be reverted to the next lower grade from which he was earlier promoted.

115. Special Provisions :

(i) The provisions of this Part will also apply to :

(a) the directly recruited Junior Accounts Assistants subject to the condition that they will be confirmed after successful completion of the probation period if they have passed Appendix-II-A Examination within that period and in case they fail to pass the examination within the prescribed period of probation, the benefit of confirmation will follow only from the date of passing the examination.

(b) the Workshop staff i.e. Artisans in skilled grade, Khalasi, Helpers and Khalasis employed in Workshops.

(ii) The provisions of this Part will not, however, apply to :

(a) appointments made on ad-hoc basis i.e. it is only the appointments made on regular basis which will come within the purview of this
Part.

(b) persons appointed against the posts in purely temporary organisations such as Committees and Commissions created for a specific objective for a limited period; and

(c) ex-cadre/tenure posts/Casual Labour and substitutes including Casual Labour and substitutes with temporary status.

CHAPTER I

SECTION 'G'

EXTENSION OF SERVICE TO OR RE-EMPLOYMENT OF RAILWAY SERVANTS
(REFER TO PROVISION IN CHAPTER 4 IN INDIAN RAILWAYS ESTABLISHMENT CODE VOL. I 1985 EDITION

Sub-section I. Extension of service/Re-employment beyond the age of superannuation

101. General: No railway servant will be retained in service beyond the date of his compulsory retirement except when it is clearly in the Public interest and where it is certified in each case that other employees in service are either not ripe enough to take up the appointment or that the retiring employee is of such outstanding merit that it is considered necessary to retain him in service further. In Non-technical categories where replacement is normally easy, retention in service beyond the age of superannuation should be resorted to only in exceptional cases. The incumbents of posts classified as "scientific and technical" for which qualifications in the natural/exact sciences, or applied sciences, or in technology are prescribed, and who have to use that knowledge in the discharge of their duties (as distinct from general or administrative posts, which are not necessarily to be filled by technical personnel) may normally be granted extension/re-employment beyond the age of superannuation provided they are fit for further retention in service. It is not desirable to permit extension of service to railway servants (both gazetted and non-gazetted) who are inefficient, lacking in integrity or otherwise unfit for further service.

102. Period: Extension or re-employment beyond the date of superannuation may be granted for a period of one year at a time.

Provided that the appropriate authority shall have the right to terminate the extension of service, before the expiry of such extension, by giving a notice, in writing, of not less than three months in the case of a permanent railway servant or one month in the case of a temporary railway servant: or pay and allowances in lieu thereof.

103. Categories:

(i) Where extension or re-employment is permitted, the normal rule should be to grant extension if the employment after the age of superannuation is to be in cadre post, and the post is such that it must necessarily be filled by men of a technical or scientific or professional group. Posts in the Civil, Mechanical, Electrical, Signal and Telecommunication and Stores Departments requiring technical qualifications may be regarded as belonging to this category. In other cases re-employment should be under the normal rule.

(ii) No extension of service should be given under any circumstances in the category of office staff (other than technical office staff) in any grade including grades above the recruitment grades.

(iii) No extension of service will be given to the officers of the Personnel and the Commercial
Department or Junior Police Officers employed in the Railway Protection Force. Retention in service is not to be given to non-technical persons as for instance assistant personnel officers etc. who are, for purpose of cadre check, included in the technical departments and/or shown against technical post.

(iv) Extension of service will be admissible in respect of the posts in the Construction Organisation/Projects. The cases of railway staff transferred to the Construction Organisation/Departments will be dealt with on merits, after taking into account all attendant circumstances. This does not cover the Construction under the charge of Chief Engineers Open Line.

Note: Railway administrations should ensure that as far as possible such personnel on extension of service are utilised only in posts which are essentially required to be filled in by technical or scientific personnel. Technical men holding non-technical and general posts will not be eligible to get the benefit if on extension in service beyond the age of superannuation their services are to be utilised for holding non-technical and general posts.

STAFF OF EX-COMPANY AND EX-INDIAN STATE RAILWAYS.

104. (i) Such of the staff who were in service on 1-12-62 may be granted extensions of service freely from year to year up to the age of 58 years on the consideration that the enhancement of the retirement age from 55 to 58 years has been decided upon by the Government mainly to retain experienced personnel on duty for a further period of three years.

(ii) In the case of the staff who were on post superannuation leave on 1-12-62 such as was automatically applicable under the ex-Company or other leave rules (e.g. N.S. Rly. Leave rules) re-employment may be granted freely.

(iii) The ex-Company and ex-Indian State Rly. staff who are governed by the leave rules and service conditions applicable to them prior to absorption on Indian Government Railways according to options previously exercised by them will continue to enjoy the post superannuation leave, in accordance with the respective rules applicable to them, after their services are dispensed with on completion of the extension sanctioned to them from time to time on the basis of instructions issued on the subject.

105. Authorities empowered to grant extension in service beyond the age of superannuation. All cases of railway servants where extension of service beyond the age of 58 years is considered necessary should invariably be referred to the Railway Board for their sanction in due time.

106. Terms of extension of service. During the period of extension of service, railway servants will be governed by the conditions of service applicable to them before the date of superannuation.

Sub-Section II. Re-employment of superannuated gazetted and non-gazetted railway servants

107. General: Same as for extension of service.

108. Categories: Subject to above, in cases where extension of service cannot be given, re-employment is to be granted.

109. Period: Same as for extension of service.

110. Powers: Same as for extension of service.

Terms of re-employment

A. Re-employment of railway servants on Railways

111. During leave preparatory to retirement prior to the date of compulsory retirement.—When a railway servant who has proceeded on L.P.R. prior to the date of compulsory retirement is required for employment during such leave in any post on the Railways and he is agreeable to return to duty, he will be recalled to duty and the un-expired portion of his leave from the date of joining duty will be cancelled. The leave as cancelled will be treated as leave refused and subject to the provisions of
Rule 541-R/ (1985-Editors) (F. R. 86) or the corresponding rule applicable to him, it may be granted after the date of his compulsory retirement. Such re-call will be treated as optional for the purpose of Rule 2109 (F.R. 70) RII.

112. During refused leave preparatory to retirement following the date of compulsory retirement:

(i) In case where a railway servant is re-employed in any post on the railways, while he is on leave preparatory to retirement under rule 541-R/ (1985 Editors) (FR 86) or the corresponding rule applicable to him, following the date of his compulsory retirement, he will be given an option to either:

(a) enjoy the un-expired portion of his refused leave concurrently with the re-employment from the date the latter commences; or

(b) carry forward the un-expired portion of the refused leave and to avail of it on the termination of the period of re-employment. The leave carried forward and the leave earned during re-employment (both L.A.P, and L.H.P.) not availed of during the period of re-employment itself, and allowed as terminal leave, will together not exceed 8 months and that the LAP/Privilege leave. Leave on full pay portion of such leave will not exceed the limits which can be allowed at a time under the rules applicable to such a railway servant prior to Retirement.

(ii) In either of the above cases the Railway servant will be considered to have retired from service from the date of commencement of re-employment, and the refused leave taken whether concurrently with re-employment or after termination of re-employment will not count as service for retirement benefits (under both pension and P.F. Rules).

113. The leave salary for the un-expired portion of the leave preparatory to retirement referred in paragraph 112 above, when taken, will be regulated as follows:

(a) Leave taken concurrently with re-employment. The leave salary (which may be drawn in addition to the pay of the post in which he is re-employed) will be restricted to the leave salary admissible in respect of leave on half average pay.

(b) LEAVE TAKEN ON TERMINATION OF RE-EMPLOYMENT. The leave salary (which may be drawn in addition to the pension, if any) would be the same as would have been admissible in the normal course if the leave had not been interrupted or postponed by re-employment reduced by the amount of gross pension and/or pension equivalent of other forms of retirement benefits. He would also be eligible for Dearness and other compensatory allowances admissible in the normal course.

114. If the railway servant elects alternative (a) of sub-paragraph 112 (a) above, the period of re-employment will have to be divided in the following two parts:

(a) the period of re-employment (before retirement) which runs concurrently with the refused leave;

(b) the subsequent period of re-employment, (after retirement), if any.

I. The period under item (a) above will be regulated by the following other terms:

(i) Initial pay. The initial pay of the railway servant will be fixed in terms of paragraph 117 below:

(ii) Traveling, dearness and other compensatory allowances. The railway servant may also be granted dearness and other compensatory allowances, if any, admissible on the basis of pay in the post in which he is re-employed. The leave salary for the period of refused leave, drawn in terms of sub-para 114-(a) above in addition to Pay, will not, however, be taken into account in calculating these allowances.
The traveling allowances of the railway servant will be regulated on the basis of pay, admissible to him in the post which he held immediately before proceeding on leave even though his pay for the post in which he is re-employed together with his leave salary in respect of the leave running concurrently with the re-employment may be less than the pay of the post held by him prior to the commencement of the refused leave.

(iii) Increment : As in paragraph 118 below.

(iv) Leave : The railway servant will not earn any leave in respect of this period of re-employment.

(v) Provident Fund : The Railway servant will not be allowed to continue to subscribe to the contributory or non-contributory Provident Fund to which he was subscribing before proceeding on such refused leave preparatory to retirement. His assets in the State Railway Provident Fund, including Govt. Contribution and special contribution to the Provident Fund, wherever admissible, will be payable to him immediately thereafter without waiting for the expiry of the leave. He may, however, start subscribing to the Provident Fund afresh in accordance with the provisions of Para 120.

(vi) Privilege passes and privilege ticket orders: The railway servant will be entitled to the number/class of privilege passes and privilege ticket orders which would have been admissible to him but for the re-employment.

II. As regards the period of re-employment falling under item (b) above, as the railway servant will retire from service on the expiry of the refused leave, the period of re-employment after the expiry of the refused leave will be regulated by the terms applicable to retired railway servants given in paras 117 to 122 below. During this period, the railway servant will receive pension and/or other retirement benefits due to him in addition to the pay of the post in which he is re-employed, his initial pay in the post in which he is re-employed will, therefore, have to be refixed in terms of para 117 below (taking into account the amount of gross pension and/or pension equivalent of other forms of retirement benefits), from the date following that of expiry of the refused leave. The special terms given to the railway servant vide Item 1 above will also cease to apply from that date.

115. If the railway servant elects alternative (b) of paragraph 112 (i) above, he will have to retire from service from the date of commencement of re-employment and, therefore, the whole period of his employment will be governed by the terms applicable to retired railway servants given in paragraphs 117 to 123 below.

116. RE-EMPLOYMENT AFTER RETIREMENT The terms laid down in paragraphs 117 below will regulate the re-employment of retired railway servants [including these referred to in sub-paragraphs 114(b) and 112(i)(b) above on railways].

117. Fixation of pay of re-employed pensioners

For this purpose '
Pension': means the gross monthly pension and/or pension equivalent of death-cum-retirement gratuity and/or pension equivalent of gratuity or Government's contribution to Contributory Provident Fund and/or other retirement benefits, if any, payable under the Railway Pension Rules, or the relevant rules of the Government or body under which re-employed pensioner was serving prior to his retirement. Where pension has been commuted partly or fully, pension means the gross pension payable prior to commutation,

(i) Re-employed pensioners shall be allowed to draw pay only in the prescribed scales of pay for the post in which they are re-employed. No protection of the scales of pay of the posts held by them prior to retirement shall be given.

(ii) In all cases where the pension is fully ignored, the initial pay on re-employment shall be fixed at the minimum of the scale of pay of the re-employed post.
(iii) In cases where entire pension and pensioner benefits are not ignored for pay fixation, the initial pay on re-employment shall be fixed at the same stage as the last pay drawn before retirement. If there is no such stage in the re-employed post, the pay shall be fixed at the stage below that pay. If the maximum of the pay scale in which a pensioner is re-employed is less than the last pay drawn by him/her before retirement, his/her initial pay shall be fixed at the maximum of the scale of pay of the re-employed post. Similarly if the minimum of the scale of pay in which a pensioner is re-employed is more than the last pay drawn by him/her before retirement, his/her initial pay shall be fixed at the minimum of the scale of pay of the re-employed post. However, in all these cases any non-ignorable part of the pension pension equivalent of retirement benefits shall be reduced from the pay so fixed.

(iv) The re-employed pensioner in addition to pay as fixed under para (ii) above, shall be permitted to draw separately any pension sanctioned to him/her and to retain any other form of retirement benefits.

(v) In the case of persons retiring before attaining the age of 55 years and who are re-employed, pension (including pension equivalent of gratuity and other forms of retirement benefits) shall be ignored for initial pay fixation to the following extent:

(a) In the case of ex-servicemen who held posts below commissioned officer rank in the Defence Forces and in the case of civilians, who held posts below Group A posts at the time of their retirement, the entire pension and pension equivalent of retirement benefits shall be ignored.

(b) In the case of service officers belonging to the Defence Forces and civilian pensioners who held Group A posts at the time of their retirement, the first Rs. 500/- of the pension and pension equivalent of the retirement benefits shall be ignored.

(2) Drawal of increments.- Once the initial pay of a re-employed pensioner has been fixed in the manner indicated above, he/she may be allowed to draw normal increments in the time-scale of the post to which he/she is appointed as if the pay had been fixed at the minimum or the higher stage, as the case may be (i.e. before an adjustment on account of pensions and pension equivalent of other retirement benefits is made) provided that the pay and gross pension/pension equivalent of other retirement benefits taken together do not at any time exceed Rs. 3500/- per month.

(3) Re-employment of personnel retiring on invalid or compensation pension.- Persons who are re-employed after obtaining compensation or invalid pension will also be governed by these orders subject to the condition that if the re-employment is in qualifying service, they may either retain their pension, in which case their former service will not count for future pension or cease to draw any part of their pension and count their previous service. Pension intermediately drawn need not be refunded. In case the pensioners elect to count their previous service for pension by foregoing their entire pension including death-cum-retirement gratuity, pay will be fixed by treating them as if they are not in receipt of any pension. The special provision contained in this order regarding grant of contributory provident fund benefits during the period of re-employment, or the unutilised portion of the refused leave in respect of previous service shall not be extended to them.

(4) Military Reservists.- Military reservists who continue to serve in the same civil post in which they were employed during reserve period, shall continue to draw the same rate of pay which they were drawing on the date of transfer to Military Pension Establishment in addition to pension provided the pension is not more than Rs. 50/- per month.

(5) Emergency Commissioned Officers and Short Service Commissioned Officers.- Emergency Commissioned Officers and short Service Commissioned Officers who joined precommissioned training or were commissioned after 10.1.1968 may, on their appointment in railway service to unreserved vacancies be granted advance increments equal to the completed year of service rendered by them in Armed Forces on a basic pay (inclusive of deferred pay but excluding other emoluments) equal to or higher than the minimum of the scale attached the railway post in which they are employed. The
pay so arrived at should not, however, exceed the basic pay (including the deffered pay but excluding other emoluments) last drawn by them in the Armed Forces.

(6) Promotion/Transfer.- On regular promotion/transfer to another post, pay of the re-employed pensioners shall be fixed under the provision of relevant Rules in Indian Railway Establishment Code Vol. II with reference to the pay in the previous re-employment post (before adjustment). The adjustment from the pay so fixed, on account of pension and pension equivalent of retirement benefits, shall be continued to be made to the same extent as was being made earlier. This will, however, remain subject to the condition that the pay plus pension and pension equivalent to gratuity/other forms of retirement benefits shall not exceed Rs. 3500/- per month at any time.

(7) Provisional pay.- (i) Where delays are likely to occur in determining the pension and other pensionary benefits, the re-employed persons, pending final fixation of pay, might be paid their pay on provisional basis for a maximum period of six months after taking into account the maximum pension and gratuity that might be admissible to them on the basis of last pay drawn by them. The sanctioning authority shall be responsible for ensuring that the provisional pay authorised is not likely to exceed the correct pay that may become admissible. For the purposes of calculating the pension equivalent of the gratuity, the table prescribed from time to time shall be followed. An undertaking for refunding any amount that might be over-paid as a result of provisional fixation of pay shall be obtained from the re-employed pensioners.

(ii) (a) In cases where considered desirable, a re-employed person may be paid the full pay of the post on provisional basis which would be inclusive of his pension but would exclude an approximate amount of pension equivalent of gratuity/pension equivalent of employers portion of contributory provident fund, as the case may be provided he executes an agreement in the appropriate form. He shall also be required to furnish acquittance in the prescribed form, indicating receipt of his/her pay including pension. The acquittance shall be obtained from the re-employed person concerned alongwith the pay bill every month he/she is paid provisionally.

(b) When the pension and other retirement benefits are ultimately sanctioned to the re-employed person by the competent authority, the pay shall be fixed after taking into account the pension and pension equivalent of other forms of retirements benefits in accordance with the provisions contained in these paragraphs and he/she shall have no fresh claim for pensionary benefits in respect of the past periods during which he/she drew the same alongwith the provisional pay. The actual amount of pension equivalent of gratuity/employers portion of CPF, will be adjusted against the gratuity/contributory provident fund to the extent it is different from the approximate amount deducted from the pay of the post provisionally paid.

(iii) The orders contained in (ii) above shall apply to cases of civil retired Central Government employees re-employed in Railways only.

(8) Allowances. The drawal of various allowances and other benefits based on pay shall be regulated with reference to the pay that is fixed on re-employment. Pay for these allowances and benefits will be the pay fixed before deducting the non-ignorable part of the pension and the pension equivalent of the other retirement benefits.

(9) Contributory Provident Fund. Re-employed officers might be permitted to contribute to the contributory provident fund, provided that where the terms of re-employment is initially for a year or less but is later extended so as to exceed one year, the Government's contribution with interest shall be credited only after the completion of one year's re-employment service. The Government contribution with interest shall be payable for the entire period for which the re-employed person is allowed to contribute to SRPF (Contributory) if such period exceeds one year.

(10) Leave and leave salary. In the case of persons re-employed after the retirement, the provisions contained in the Leave Rules embodied in Establishment Code Vol. I 1985 Edition shall apply.

(11) Gratuity/Death-cum-retirement gratuity. Re-employed officers shall not be eligible for any gratuity/death-cum-retirement gratuity for the period of re-employment except in those cases covered under Rules of the Railway Services (Pension) Rules, and corresponding Rules in the Indian
Railway Establishment Codes.

(12) Retrenched employees. In the case of ex-servicemen as well as civilians who are retrenched from service and are not granted pension and/or service gratuity on their appointment to Railway service they may be granted advance increments equal to the Completed years of service rendered by them on a basic pay equal to or higher than the minimum of the scale attached to the railway post in which they are employed. The pay so arrived at, should not, however, exceed the basic pay drawn by them in the Armed Forces.

(13) Fixation of pay of Ex-combatant Clerk Storesmen. In partial modification of the provisions contained in orders 117(1) and 117(2) above, Ex-combatant clerks on their re-employment as Lower Division Clerks or Junior Clerks in the railway posts and Ex-stores men in the Armed Forces on their re-employment as Storesmen in railway posts shall have the option to get their pay fixed under orders 117(1) and 117(2) above in accordance with the procedure indicated in sub Para 2 below.

Explanation:

(1) The option once exercised is final. The re-employed pensioner should be asked to exercise the option within the period of three months from the date of his/her re-employment.

(ii) Ex-combatant Clerks and Storesmen referred to in this paragraph will include reservists released at their own request or on compassionate or other grounds.

(2) Service rendered as Combatant Clerks and Storesmen in Armed Forces shall be treated as equivalent to service as Lower Division Clerks/Junior Clerks and Storesmen respectively in Railway posts, irrespective of the pay drawn in those posts in the Armed Forces. The initial pay in such cases shall be fixed in the time scale of the re-employed posts at a stage equivalent to the stage that would have been reached by putting in the railway posts the number of completed years of service rendered in the posts in the Armed Forces. The pay so fixed will not be restricted to the 'pre-retirement pay'. The fixation of pay in these cases shall be done by invoking the provisions of the relevant rules in Indian Railways Estt. Code Vol. II.

Explanation:

(i) For the purpose of calculation of completed years of service rendered in the Armed Forces the non-qualifying service in the Armed Forces will not be taken into account.

(ii) Pension as defined above shall be deducted from the pay fixed under this para after ignoring Rs. 15/- thereof and only the net pay is payable.

(iii) If the resultant amount does not correspond to a stage in the scale applicable to the re-employed post, pay may be fixed at the next lower stage and the difference allowed as personal pay to the absorbed in future increase of pay.

(iv) Where the pay in such cases if fixed below the minimum of the pay scale of the re-employed post, as a result of adjustment of amount of pension drawn by him from the Army in excess of Rs. 15/- per month, increases in pay may be allowed after each year of service at the rate of increment admissible as if the pay has been fixed at the minimum till the minimum of the scale is reached. Thereafter, subsequent increments may be granted in the scale of the re-employed post in the usual manner.

(3) In the case of appointment of persons during released leave/terminal leave, their pay may be fixed at the minimum of the scale of pay of the railway post of Lower Division Clerk/Storesmen and they will draw leave salary separately from the military authorities. Their pay in accordance with the formula mentioned at (2) above will be fixed from the date of their final discharge from the Army.

(4) Orders fixing the pay in such cases should be issued by invoking the provisions of the Rules in the Indian Railway Estt. Code Vol. II.

CHAPTER II

SECTION 'A'

RULES GOVERNING PROMOTION OF SUBORDINATE STAFF

PROMOTION OF GROUP 'B' POSTS

201.1. All vacancies in Group 'B' are filled by promotion on the basis of selection of eligible Group 'C' employees and also on the basis of Limited Departmental Competitive Examination, wherever the scheme is in force. Where the scheme of LDCE is in force, selection is held to fill 70% of the vacancies and LDCE is held to fill the remaining 30% of the vacancies. (Railway Board's letter No. E(GP)/2005/2/69 dated 5.1.06)

The condition and procedure governing the selection for promotion to Group B posts are given in the following paras. Regarding condition and procedure governing LDCE, the provisions of relevant Recruitment Rules and administrative instructions issued from time to time should be referred to.

[Authority: Railway Board's letter No. E(GP)/95/2/75 dated 5.8.98]

201.2. Frequency of Selection. Selection for appointment to Group 'B' posts should be held once in two years. Where due to unforeseen developments, such as creation of new posts, upgradation etc., the panel drawn gets exhausted and the biennial selection is away by more than six months a fresh selection may be held. The need for conducting such selections should however, be rare and due care should be taken in working out the vacancies for the normal biennial selection.

202.1. Composition of Selection Committee. Selection Committee will be constituted under the orders of the General Manager for the purpose of making recommendations to him in respect of Group 'C' staff considered suitable for promotion to Group 'B'.

The Selection Committee should consist of 3 Heads of Department or Additional Heads of Department including the Chief Personnel Officer or Additional Chief Personnel Officer and the Head of the Department concerned or as has been provided for in the relevant Recruitment Rules. The Senior Deputy General Manager or the Additional CVO of the Vigilance Organization should not be nominated to serve on the Committee. If none of the officers constituting the Departmental Promotion Committee belongs to either Scheduled Caste or Scheduled Tribe holding the rank not lower than the Junior Administrative Grade may be nominated.

202.2. Assessment of vacancies. Vacancies for two years should be assessed carefully taking into account the vacancies in regular cadre (both permanent and temporary), as also in the construction and work-charged cadre/posts. To the assessment thus made, the vacancies due to arise in the next 6 months should also be included to cater to unforeseen contingencies and the panel should be formed for the total number of vacancies.

202.3. "Reservation in favour of SCs/STs Rules of post-based reservation apply in filling the vacancies in Group 'B' on the basis of selection. Only those eligible SCs/STs who are in the zone of consideration determined in accordance with the rules, should be called for the selection. If either SCs/STs are not available in the zone of consideration or the available SCs/STs have not qualified for appointment against the reserved vacancies, then the reserved vacancies will remain unfilled and the same will be filled up through future selections.

203.1. Conditions of eligibility. For the selection, all Group 'C' employees working on a regular basis in grade the minimum of which is Rs. 5000/- in the revised scale and in the
higher Group C grades and who have rendered not less than 3 years of non-fortuitous service in the grade are eligible. There will be no distinction between permanent and temporary employees.

[Railway Board's letter No. E(GP)/2005/2/69 dated 5.1.06]

203.2. In case a junior employee is considered for selection by virtue of his satisfying the relevant minimum service conditions all persons senior to him shall be held to be eligible, notwithstanding the position that they do not fulfill the requisite minimum service conditions.

203.4. Zone of consideration. The number of employees to be called for the selection will be in accordance with the sliding scale in the order of seniority as shown below -

1. vacancies 5 employees.
2. vacancies 8 employees.
3. vacancies 10 employees.
4. vacancies and above employees equal to three times the number of vacancies.

203.5. Since employees from the different streams will be eligible to appear for the selection, their integrated seniority for purposes of the selection should be determined on the basis of total length of non-fortuitous service rendered in grade Rs. 6500-10500 (R.S.) and above. In other words the date of appointment to the grade Rs. 6500-10500 (R.S.) on a non fortuitous basis will be the criterion.

203.6. If adequate number of SCs/STs are not available within the field so determined for consideration against reserved vacancies the field should be extended to five times the number of vacancies and only those SCs/STs coming in the extended field (and not the others) should be considered.

203.7. Where due to exceptional reasons beyond the control of the Administration it is not possible to hold the selection as scheduled and it is delayed by more than one selection period, the first selection that is held thereafter should follow the procedure indicated below:

(a) The actual number of vacancies for each of the selections should be assessed separately.

(b) The employees who would be within the field of consideration with reference to the vacancies to be filled at each selection starting with earliest selection should only be considered for each selection.

(c) A panel should be prepared for each of the selections.

(d) All the panels should be consolidated by placing the panel of the earlier period above the one for the next and so on.

203.8. In respect of selections for the Group 'B' posts of Assistant Personnel Officer all employees who are eligible and who volunteer for the selection should be considered, without any limitation of number.

204.1. Selection Procedure. The selection is based on a written test to adjudge the professional ability, viva-voce and assessment of record of service by the Selection Committee. The marks allotted and the qualifying marks under the different heads are as follows:-

(Railway Board's letter No. E(GP)/2005/2/69 dated 5.1.06]

204.2. The question paper for the written test should have a practical bias i.e. it should be designed to test the ability of candidates to tackle the practical problems they are likely to face rather than their theoretical knowledge. It is in view of this that no syllabus has been prescribed for the written examination except, the written examination for the post of Assistant Personnel Officer and the Railways depending on the local conditions/practices should set the paper.

204.3. Ten percent of the total marks allotted for testing the professional ability should be set apart for questions on official language policy and official language rules. While the employees should be encouraged to attempt the questions on official language policy and official language rules the questions should not be compulsory.

204.4. The setting of the question paper and evaluation of answer books should be done by and the 
different officers of SA grade Level I who need not necessarily be a member of the Selection Committee. Questions on official language policy and official language rules may be set by or in consultation with the Mukhya Raj Bhasha Adhikari.

(Authority: Ministry of Railways' letter No.E (GP) 2001/2/32 dt. 25/10/2001) ACS NO.193

204.5. No moderation of the performance is permissible.

204.6. Personality, Address and Qualities of Leadership should be assessed at the viva-voce test. In case a written test is not held for adjudging professional ability this should also be assessed at the viva voce through questions with a practical bias.

204.7. Marks for record of service should be given on the basis of Confidential reports and relevant service records. Integrity of character should receive special consideration.

204.8. The successful candidates shall be arranged as follows:

1) Those securing 80% marks and above graded as 'Outstanding'.
2) Those securing between 60% marks and 79% marks graded as 'Good'.

204.9. The panel should consist of employees who had qualified in the selection, corresponding to the number of vacancies for which the selection was held. Employees securing the gradation 'Outstanding' will be placed on top followed by those securing the gradation, 'good' interse seniority within each group being maintained.

204.10. The recommendations of the Selection Committee should be put up to the General Manager for approval. If he does not approve of the recommendations he will record his reasons in writing there for and order a fresh selection. Once a panel is approved by the General Manager no amendment or alteration in the panel should be made except with the prior approval of the Railway Board.

205. Currency of Panel. The panel will be current for a period of 2 years from the date of approval of the competent authority or till a fresh panel on the basis of next selection becomes available whichever is earlier. Where provisional panels are drawn the currency will count from the date of
approval of the provisional panel. If the operation of an approved panel has been held in abeyance either wholly or partly as a result of injunction from the Court of Law the currency of the panel should be reckoned after excluding the period covered by the Court's directive. Before operating the panel after the vacation of the injunction/after disposal of the case by the Court of Law, the personal approval of the General Manager should be taken.

206.1. Consideration of Employees on deputation

In cases where employees eligible to take the selection are abroad on deputation/secondment and are not likely to return in a few months time, the selection held in their absence should be finalized without waiting for their return. On their return they should be called for the first selection held thereafter and on the basis of their performance in the selection they should be considered for proforma inclusion in the panel framed during their absence abroad. If an employee is thus included in the panel no arrears would be payable to him and entitlement to pay in Group "B" would commence only from the date of his actual officiating promotion for the panel thus enlarged Board approval should be obtained. In respect of eligible employees who are on deputation to offices/establishments, within the country, it should be ensured that adequate advance notice is given to such employee and they are considered at the selection without fail.

206.2. Medical fitness of employees selected for promotion to Group 'B'. Employees selected for promotion to Group "B" service should be fit in all respects, including physical fitness, for the duties assigned to the particular category of posts to which the promotion is made. The Group "C" employees qualifying in the selections for promotion to Group "B", posts but not passing the prescribed medical standard should not be promoted to Group 'B' even on ad hoc basis.

( Railway Board's letter No. E(GP)/2005/2/69 dated 5.1.06] - ACS NO.181

207.1. SUPPLEMENTARY-SELECTION. Not more than one supplementary selection should be held to cater to the absentees. While holding the supplementary selection all care and caution should be exercised to ensure that employees who did not avail of the main selection are provided the opportunity at the supplementary selection. Measures to notify the employees either for the main selection or the supplementary selection, particularly in cases where employees are serving outside the Railway including employees on deputation should not be routine.

Selection should not be held separately for the Group 'B' posts in the different branches with a department except in the case of Mechanical Engineering Department and T(T)&C departments where selections for the Gr. 'B' posts in each of the following streams, should be held separately.

Mechanical Engg. Deptt.

1. Carriage and Wagon
2. Loco (open line)
3. Workshops

T(T) & C Deptt.

1. Commercial
2. Operating

207.3 Refusal of Promotion. An employee empanelled for promotion to Group 'B' refusing promotion, when his turn arises should be debarred for promotion for one year and if after one year, he refuse promotion again, his name should be deleted from the panel, when promoted, after the period for which he is debarred, seniority will be as from the date of effect of promotion and he will be junior to all employees promoted earlier than him on regular basis from the same panel but will be senior to employees from the subsequent panel, if any formed.
208.1. Other instructions. The answer papers of the written examination as well as the mark sheets of viva-voce should be marked with indelible ink. Each answer book should carry a fly leaf. Both fly leaf as well as the answer book should be stamped and signed by the Gazetted Officer in charge of conduct of the examination. The employees should write his name and designation on the fly leaf only. After the answer books are received from the employee the fly leaf should be removed and allotted a Roll number which should also be simultaneously recorded on the corresponding answer book. The answer books should be sent to the examiner with the Roll number alone indicated on the answer books. The fly leaves removed from the answer books should be carefully preserved in a sealed cover which should be kept in the personal custody of the Chief Personnel Officer.

208.2. Ad hoc promotion. In the event of an empanelled officer not being available due to the absence of a panel, ad hoc promotion of the eligible Group 'C' employee may be made subject to his suitability being assessed by a screening committee of the HOD concerned, the CPO and an officer of appropriate rank belonging to SCs/STs from the Deptt., other than the one represented by the HOD. The occasion for ordering ad hoc promotion should be rare and even where ad hoc promotions are made, efforts should be made to replace the ad hoc arrangements at the earliest.

208.3 Representations against selection. Representations against selections should be dealt with on merits without restriction of any time limit for their submission.

209. Detailed instructions issued from time to time concerning reservation in favor of SCs/STs and consideration of employees figuring/facing action under the Railway Servants Discipline and Appeal Rules should be referred to, wherever necessary.

SECTION B

RULES GOVERNING THE PROMOTION OF GROUP 'C' STAFF

210. Application. These rules shall apply in respect of the promotion of non-gazetted Group 'C' staff employed on Indian Railways and all other subordinate offices of the Railway Board.

211. Definitions

1. Promotion includes promotion from a lower grade to a higher grade, from one class to another class, from one group to another group.

2. 'Non-selection posts' are posts, grades or classes which have not been declared as 'selection posts'.

3. 'Selection posts' are posts, grades or classes which have been declared as such by the Railway Board and to which promotion are made on the basis of a positive act of selection as per procedure in force for filling up the selection posts.

212. Declaration of posts as 'selection' or 'non-selection posts'. The posts are declared as 'selection' or 'non-selection' for the purpose of promotion by the Railway Board depending upon the requirement of the service.

213. Promotion

(a) A Railway servant may be promoted to fill any post whether a selection post or a non-selection post only if he is considered fit to perform the duties attached to the post. The General Manager or the Head of Department or Divisional Railway Manager may prescribe the passing of specified departmental or other tests as conditions precedent to a Railway servant being considered fit to hold specified post; such rules should be published for the information of the staff concerned.

(b) Unless specifically provided otherwise, the promotion shall be made without any regard for communal or racial consideration.

213 A: Promotion of persons with disability: There shall be no discrimination in the
matter of promotion merely on ground of physical disability. This will apply to the
categories of staff who have been recruited from the open market against the vacancies
reserved for recruitment of physically handicapped and the staff who acquire disability
during service and are absorbed in suitable alternative employment as per provisions
contained in Chapter-XIII. Such staff will be considered for promotion in their turn based
on their eligibility and suitability along with others in the selection/suitability/trade test,
for promotion to higher grade post.

(Authority:- Railway Board’s letter No. E(NG)I/90/PM1/2 dated 29.04.1999) -
ACS NO.76

214. (a) Non-selection posts will be filled by promotion of the senior most suitable Railway servant
Suitability whether an individual or a group of Railway Servants being determined by the authority
competent to fill the posts on the basis of the record of service and/or departmental tests if
necessary. A senior Railway servant may be passed over only if he/she has been declared unfit for
holding the post in question.

(b) When, in filling of a non-selection post, a senior Railway servant is passed over the
authority making the promotion shall record briefly the reason for such super session.

(c) In respect of promotions to non-selection post, the following principles should be
followed :��

(i) Staff in the immediate lower grade with a minimum service of two years in that
grade will only be eligible for promotion, unless a longer length of service in the lower
grade has been stipulated as a condition of eligibility for promotion in any particular
category. The Service for this purpose includes service, if any, rendered on ad hoc
basis followed by regular service without break. The condition of two years service
should stand fulfilled at the time of actual promotion and not necessarily at the stage
of consideration. If by virtue of the above rule, a junior is eligible for such promotion,
his senior will also be eligible for such promotion, even though he might not have put
in a total service of two years, or more (if stipulated in a particular category in the
lower grade).

(Authority:-Railway Board’s letter No. E(NG)I-85-PM1/13(RRC) dt. 9.02.87 and E(NG)I-
97/PM1/39 dated 7.8.98).

(ii) The number of eligible staff called for consideration should be equal to the
number of existing vacancies plus those anticipated during the next six
months due to normal wastage (i.e. retirement/superannuation) likely
acceptance of requests for voluntary retirement/resignation, the vacancies
in the higher grades in the channel, the filling up of which will result in the
need to make consequent appointments from the proposed select list, staff
approved to go on deputation to other units, staff already empanelled for
ex-cadre posting, creation of additional posts already sanctioned by the
competent authority and due to staff likely to go out on transfer to other
Railways/Divisions. However, in the case of promotion by trade test, the
vacancies should be calculated on the basis of existing vacancies plus those
anticipated to occur during the next four months.

Note:- In respect of non-selection posts, promotion to which is based on scrutiny of
Record of Service /Confidential Reports only, the vacancies anticipated to occur during
the next one year instead of six months may be taken into account as a trial measure up
to 30.06.2004.

(Authority:-Railway Board’s letters No. E(NG)I-88/PM-7/16 /JCM dated 20-09-96,
E(NG)I/97/PM1/31 dated 17.2.98 and E(NG)I/2002/PM1/23 dt. 30.10.2002)
(iii) Where non-selection posts are filled from different categories of staff, no hard and fast limits need be prescribed as to the number of the candidates to be admitted from each eligible category. In cases where posts are to be filled on the quota basis it should be ensured that each category is adequately represented within the overall number of candidates called up. Employees passing the suitability test should only be placed in the select list. Employees not qualifying in the test should not be taken merely to make up the quota fixed.

(iv) An employee who has passed a suitability test once need not be called for the test again and should be eligible for promotion as and when vacancies arises.

(v) A suitability test should be held at the interval which should not be less than six months. All the eligible candidates as per their seniority including those who failed at the last test should be called. The period of six months is reckoned from the date of announcement of the result.

(vi) If an employee fails in a suitability test but is called up again, a suitability test, after a time lag of six months and he passes the same, he should be given preference over his junior who had passed the suitability test earlier than him but is still waiting to be promoted for want of a vacancy.

215. Selection Post

(a) Selection post shall be filled by a positive act of selection made by Selection Boards, from amongst the staff eligible for selection. The positive act of selection shall consist of only written test to assess the professional ability of the candidates, for which reasonable advance notice should be sent, except in the case of selection for promotion to posts in the categories of Teachers, Law Assistants, Physiotherapists, Telephone Operators, Instructors in Zonal Training Schools etc., Stenographers, Chief Typists, Protocol Inspectors, Receptionists, Publicity/Advertising Inspectors, Photographers/Cameramen and Hostel Superintendents, where the positive act of selection shall consist of both written test and viva-voce test. The staff in the immediate lower grade with a minimum of two years service in that grade only will be eligible for promotion, unless a longer length of service in the lower grade has been stipulated as a condition of eligibility for promotion in a particular category. The service for this purpose includes service, if any, rendered on ad hoc basis followed by regular service without break. The condition of two years service should stand fulfilled at the time of actual promotion and not necessarily at the stage of consideration. If by virtue of the above rule, a junior is eligible for promotion, his senior will also be eligible for such promotion, even though he might not have put in a total service of two years, or more, (if stipulated in particular category in the lower grade).

Provided that the positive act of Selection for promotion to the posts of Loco Pilot (Passenger), Passenger Guard and Motorman will consist of viva-voce only to assess the professional ability of the candidates, after passing the prescribed promotional courses.

(b) The selection for promotion to a selection post shall be made on the basis primarily of merits.

(c) Promotion to selection post shall be made by the competent authority in accordance with the recommendations of a Selection Board in the manner detailed in paragraph 219 below. If, in any case, such authority is unable to accept the recommendation, a reference shall be made to the General Manager, who may if necessary constitute a fresh
Selection Board at a higher level and whose decision in the matter shall be final.

(d) The Railway Board may adopt a procedure other than the one laid down in para 219 below while deciding individual cases of hardship.

(e) Eligible staff upto 3 times the number of staff to be empanelled will be called for the selection. The staff employed in the immediate lower grade on fortuitous basis will not be eligible for consideration.

(Authority:-Railway Board’s letters No. E(NG)I-99/PM1/15 dt. 26.7.99)

Note (1): Persons who have expressed their unwillingness should not be reckoned for determining the zone of consideration and additional persons in lieu thereof may be called for the selection.

Note (2): If a candidate without giving unwillingness, does not appear in the selection, he has to be taken in the reckoning and therefore has to be called for supplementary selection. If he gives his unwillingness on a subsequent date after the selection has commenced, additional persons will not be called to compensate for him.

(Authority:-Railway Board’s letters No. E(NG)I-99/PM1/15 dt. 26.7.99)

(f) (i) The assessment of vacancies for selection posts within the cadre will include the existing vacancies and those anticipated during the course of the next 15 months. All the vacancies, if any, existing and reported upon by a construction organisation including Railway Electrification and other projects should also be taken into account. For selection for ex-cadre posts actual vacancies plus those anticipated in the next two years should be taken into account.

(Railway Board’s letter No. E(NG)I/96/PM1/19 dated 21.10.97)

(ii) The concept of anticipated vacancies referred to in (i) above should be deemed to connote the vacancies due to normal wastage (i.e. retirement or superannuation), likely acceptance of notice for voluntary retirement/resignation; the vacancies in the higher grade in the channel, the filling up of which will result in the need to make consequent appointment from the proposed panel, staff approved to go on deputation to other units, staff already empanelled for ex-cadre posting, creation of posts already sanctioned by the competent authority, and due to staff likely to go on transfer to other Railways/Divisions during the period under consideration.

(Authority:-Railway Board’s letters No. E(NG)I/97/PM1/31 dt. 17.2.98)

216. In regard to selection posts, it is essential that all the selections are conducted annually in a regular manner. However, where holding of the next selection becomes necessary before a gap of one year on account of the panel getting exhausted, the earlier selection not throwing up adequate number for empanelment/promotion, etc., the same may be held after a minimum time gap of six months from the date of approval of the panel finalised as a result of the first selection. This condition of six months restriction between selections will not, however, apply to general selections which are conducted by calling options from serving employees fulfilling the prescribed eligibility conditions.

(Authority:-Railway Board’s letters No. E(NG)I/94/PM1/10 dated 4.7.97 and 9.12.98)

216. A. Ad hoc Promotions:- (1) Selection/Suitability tests/trade tests should be conducted timely as per provisions in this Manual so as to obviate the need for making ad hoc promotions which should be avoided both in selection and non-selection posts. However, whenever ad hoc promotions are found inescapable in selection posts in the exigency of service, the same should be ordered only from amongst the senior-most eligible staff strictly in accordance with the existing guidelines. As a rule, a junior should not be promoted, ignoring his senior unless the competent authority ordering the ad hoc
promotion, considers him unsuitable. In any case no second ad hoc promotion should be allowed under any circumstances.

(2) The following further guidelines should be adhered to while considering ad hoc promotions:

(a) Ad hoc promotion in non-selection posts: In the case of non-selection posts including posts filled on the basis of trade tests, the vacancies shall be filled after following the prescribed procedure quickly. There shall thus be no ad hoc promotions in non-selection posts.

(b) Ad hoc promotion in selection posts:-(i) Ad hoc promotions may be made in leave vacancies and short duration vacancies upto 4 months beyond which period the FA & CAO should not draw the pay of concerned employee unless the Chief Personnel Officer has personally approved the continuance.

(ii) Normally no ad hoc promotion should be made against regular vacancies. If it becomes inescapable to make ad hoc promotion against regular vacancies warranted by such circumstances as Court's orders etc. such promotion should be allowed only with the prior personal approval of the Chief Personnel Officer who should satisfy himself with the reasons for non-finalisation of the selection before according his sanction. In any case such arrangements should not be allowed to last over six months save in exceptional circumstances like where a panel cannot be formed because of stay orders from Courts etc. The Chief Personnel Officer should keep record of having accorded approval to such ad hoc promotion or continuation thereof and review the progress made in filling up these posts by selected persons every month. He should also review the position of selections to all posts whether such posts are controlled at Zonal, Divisional or Extra-Divisional level.

(iii) Notification for ad hoc promotion against the selection posts should specifically include a remark to the effect that the person concerned has not been selected for promotion on regular basis and that his promotion is on ad hoc basis and does not give him any right of holding the post for regular promotion.

217. Selection Boards

(a) Selection Boards shall be constituted for the purpose of making recommendations to the competent authority in respect of the Railway servant considered by it as suitable for filling a selection post.

(b) Selection Boards may be constituted under the orders of the General Manager or Head of the Department or other competent authority, not lower than a Divisional Railway Manager/Addl. Divisional Railway Manager/Chief Workshop Manager.

(Railway Board's letter No. E(NG)I/98/PM1/43 dt. 22.5.2000

218. Constitution of Selection Boards

(a) Selection Boards shall consist of not less than three officers, one of whom should be a Personnel Officer and one of the Members should be from a Department other than that for which selection is held. The presence of a Personnel Officer in the Selection Boards along with two officers from the Department for which selection is held would meet the requirement of an officer being from a Department other than that for which selection is held.

(Railway Board's letters No. E(NG)I/95/PM1/14 dated 03.03.98)

(b) When a Selection Board consist of only three Officers, none of the members be directly subordinate to any other.

(c) For selection posts in scale of pay Rs.5500-9000(RSRP) and above, the Selections Boards will consist of officers of Junior Administrative Grade. For all other selection posts the Selection Board will consist of officers not lower in rank than senior scale. In either case, except in the case of
selection for Personnel Department, the Selection Board may include a Personnel Officer in the next lower rank who shall nevertheless be an equal member of the Selection Board.

Note: In Divisions where JA Grade officers are not available in the concerned Department, JA Grade Officers of any other Department may be nominated as the members of the Selection Board, the senior scale officer in independent charge of the concerned Department, who will not be subordinate to any other Member of the Selection Board, being nominated as the fourth Member who will also sign the selection proceedings. In the case of selection for Personnel Department if there is no JA Grade officer in the Personnel Department of a Division and the post is Divisionally controlled, in addition to the senior scale personnel officer of the Division, a JA Grade officer of the adjoining Division or of the Headquarters may be included in the Selection Board.

(Board's Board's letter Nos.E(NG)I/95/PM1/14 dated 3.3.98 and 15.3.99)

(d) Every effort should be made to include a SC/ST Officers on the Selection Board whether of the same Department, if available or the other Department/Railway/Production Units or a non-Railway Department.

81/E(SCT)/15/32 dt. 8-11-81

(e) If for any reason the competent authority is unable to comply with the provisions of this paragraph, it should make a report of the facts to the General Manager.

219. Procedure to be adopted by Selection Board

(b) An officer of the concerned Department who is also a member of the Selection Board must be authorized to set the question paper for written test, held as part of the selection for determining the professional ability. Where possible another officer of the concerned Department who is also a member of the Selection Board should be nominated to evaluate the answer books ensuring, however, that the answer books are invariably evaluated by a Member-Officer of the Department for which Selection is held. The test should be conducted on a confidential system with Roll numbers.

(Railway Board's letter No. E(NG)I/95/PM1/14 dt. 3.3.98 and 07-08-03)

c) (i) In the written test held as part of the selection for promotion to the posts classified as 'Selection', objective type questions should be set for about 50%(in the range of 45% to 55%) of the total marks for the written test.

(iii). The question paper for the written test should have practical bias i.e. it should be designed to test the ability of the candidates to tackle the practical problems they are likely to face rather than their theoretical knowledge.

(d) Moderation of results by way of awarding grace marks to candidates shall not be resorted to without the authority of the Selection Board or the authority competent to accept the recommendations of Selection Board. No grace marks shall be allowed in individual cases.

E(NG) I/67 PM 1-21 dt. 25-2-71 and E(NG) I-84-PM 1/6 dt. 30-3-85

(f) The Selection Board will examine the service record and confidential reports (if kept) of the staff eligible. A single evaluation sheet should be prepared to assess the candidates under the different headings of personality, address, leadership, etc to be signed by all members of the Selection Board. Corrections in the evaluation sheet, if any, should be attested by all the members of the Selection Board. The members nominated on a Selection Board should be advised clearly that there should not be any cuttings and over-writings in the proceedings of the Selection Board and serious objection of any cuttings and over-writing will be taken.

(ii) In a few cases where both written test and viva-voce test are held to assess the professional ability of the candidates, all those who secure not less than 60% marks in the written test should be called for viva-voce test.

(Authority Railway Board letter No.(E(NG)I-200/PM1/41 dt. 07.08.03)ACS no.150

(iii) The final panel should be drawn up in the order of merit based on aggregate marks of 'Professional ability' and 'Record of service'. However, a candidate must secure a minimum of 60% marks in 'Professional ability' and 60% marks in the aggregate, for being placed on the panel. There will be no classification of candidates as 'Outstanding'.

(Para No.219(g),(i) and (j) Corrected as per ACS. NO. 46,66,84,111,149,150,150,153,171,183 , 186 and 209 )

(k) The list will be put up to the competent authority for approval. Where the competent authority does not accept the recommendations of a Selection Board, the case could be referred to the General Manager, who may constitute a fresh Selection Board at a higher level, or issue such other orders as he considers appropriate.

(1) After the competent authority has accepted the recommendations of the Selection Board, the names of candidates selected will be notified to the candidates. A panel once approved should normally not be cancelled or amended. If after the formation and announcement of the panel with the approval of the competent authority it is found subsequently that there were procedural irregularities or other defects and it is considered necessary to cancel or amend such a panel, this should be done after obtaining the approval of the authority next higher than the one that approved
the panel.

E(NG) 1-67 PM 1-47 dt. 5-2-69

(m) SELECTION OF PERSONS ON DEPUTATION ABROAD. The panel should be finalized without waiting for the employees who are on deputation abroad. On return of the employee from abroad, if it is found that any one junior to him has been promoted on the basis of a selection in which he was not called because of his being abroad, he may be considered in the next selection and if selected, his seniority may be adjusted vis-a-vis his juniors. In case such an employee is declared outstanding in the next selection, he should be interpolated in the previous panel in accordance with the seniority and gradation in the subsequent selection.

E(NG) I/77/PM 1-269 dt. 3-5-80

220. Currency of panels

(a) Panels drawn by the Selection Board and approved by the competent authority shall be current for two years from the date of approval by the competent authority or till these are exhausted whichever is earlier.

(b) An employee who once officiates against a non-fortuitous vacancy in his turn on the panel whether against a leave arrangement, deputation or temporary transfer of another employee vacating the post, shall not be required to appear again for fresh selection.

E(NG) I/62/PM 1-91 dt. 10-7-64 & 9-3-67

(c) In case an employee lower in the panel has officiated whereas one higher in the panel has not officiated for reasons beyond the latter's controlled such as sickness non-released by the administration on promotion, the latter employee will not be required to appear for fresh selection. If, however, the senior person does not officiate for reasons of his own, this implied that he has refused promotion. In that case, the next junior is the rightful person to be promoted and the employee who is deemed to have refused promotion under this sub-para will not be entitled to protection in such a case.

E(NG) I/62/PM 1-91 dt. 9-8-65

221. RETENTION OF NAME ON THE PANEL TO BE SUBJECT TO CONTINUED SUITABILITY: The retention of a railway servant's name on a panel will be subject to his/her continued suitability for the post in question. Notwithstanding any thing to the contrary, the removal of a railway servant's name from the panel would require specific approval of the authority next above that which initially approved the panel.

222. Automatic empanelment of staff in higher grade selection and non-selection posts:

(a) Selection posts. A railway servant selected for a higher grade selection post without having been selected for the intermediate grade selection post, if in the same avenue of promotion, should be treated as automatically selected for the latter post, provided that the original group 'c' post, the intermediate group 'c' selection post, and his/ her present group 'c' post are all in the same avenue of promotion and none of them is a general post for which several categories of staff are eligible. If the Selection Board for the intermediate grade selection post have placed some persons as "outstanding", in that case, an employee selected for a higher grade group 'c' selection post or group 'c' post in the normal channel of promotion may be deemed to have been classified as "outstanding" and given the place in accordance with the seniority amongst those classified by the Selection Board as "outstanding" for the intermediate grade selection post, provided the Selection for that post is held after such an employee has already been selected for the higher grade selection post.

(b) Non-Selection post. In the event of an intermediate grade being a non-selection post, the employee would get a proforma position in such intermediate grade only if such a position was due in accordance with seniority-suitability being accepted by virtue of fitness for the higher grade by a
Provided that the benefit of pro forma promotion in the Intermediate Skilled Grade to an Artisan in the skilled grade selected as Intermediate Apprentice for absorption as Junior Engineer Gr.II in scale Rs.5000-8000 by the process of Limited Departmental Competitive Examination and undergoing Training/Apprenticeship, will be due with reference to actual date of promotion of his immediate junior, only, if he passes the prescribed trade test for which he may be called as per seniority in the relevant skilled grade.

*(Railway Board's letter No. E(NG)I-97/PM7/ dt. 10.6.99)*

223. **Supplementary Selection/Suitability Test**

I. (i) A supplementary selection may be held in the following types of cases:

   (a) summons for interview being received too late by the candidates making it difficult for him to reach the place of interview;

   (b) Administration's failure to relieve him in time for interview;

   (c) Sickness of the candidate or other reason over which the employee has no control. Unavoidable absence will not however, include absence to attend a wedding or similar function or absence over which he has controlled. Sickness should be covered by a specific service from the Railway Medical Officer.

   (ii) The supplementary meeting of the Selection Board should as far as possible be attended by the same Officers who were present at the first Selection Board and held within one month of the first selection or the return to duty of the employee concerned provided that the employee returned to duty not later than three months after the holding of the first selection. In case the return of the employee is delayed beyond three months, the result of the selection need not be deferred, the name of the employee being incorporated as if he had appeared at the selection when first held. The employee will not be eligible to be considered if he returns to duty more than six months after the date of the first selection.

   (iii) Not more than one supplementary selection should normally be held to cater to the needs of absentee due to sickness, non-intimation/late intimation of dates of tests etc. The second supplementary selection should be held rarely and with the personal approval of Chief Personnel Officer based on merits of each case.

*E(NG) I-80/PM 1/188 dt. 31-12-80*

II. For non-selection post, if an employee is unable to appear in a suitability test within a period of six months due to reasons beyond his control, such as prolonged illness, he should be subjected to supplementary suitability test within a reasonable period after return to duty and being found suitable for promotion, he should be assigned proforma seniority position vis-a-vis his juniors promoted earlier.

*E(NG) I-73/PM 1-214 dt. 8-11-73*

224. **Refusal of Promotion**

I. **Selection Posts**

   (i) The employee refusing promotion expressly or otherwise (i.e. not only he does not give in writing his refusal but also does not join the post for which he has been selected) is debarred for future promotion for one year but he is allowed to be retained at the same station in the same post. Promotion after one year will be subject to continued validity of the panel in which he is borne, otherwise he will have to appear again in the selection.
(ii) at the end of one year if the employee again refuses promotion at the outstation, his name may be deleted from the panel, deletion being automatic requiring no approval from any authority and the administration may transfer him to outstation in the same grade. He will also have to appear again in the selection notwithstanding the fact that he in the meantime, has officiated non-fortuitously against short term vacancy based on his panel position.

(iii) Seniority will be as from the date of effect of promotion and he will be junior to all the persons promoted earlier than him from the same panel irrespective of his panel position. He will not, however, lose seniority to another employee promoted to the same promotion category during the one year period of penalty as a result of a fresh selection subsequently held.

E(NG) 1-66 SR-6/41 dt. 14-10-66

II. Non-selection Posts

(i) Such an employee should be debarred for future promotion for one year but not be transferred away from that station for one year if unavoidable domestic reasons exists. He should again be debarred for promotion for one year in case he refuses promotion again- after the first year of department or refusal of promotion for second time, the Administration can however transfer him to outstation in the same grade and the employee has again to appear for a suitability test when his turn for promotion comes.

(ii) He will rank junior to all promoted during the period he was allowed to refuse promotion irrespective of his relative seniority. He will not. however lose seniority to another employee promoted to the same category during the one year period of penalty as a result of fresh suitability test subsequently held.

NOTE 1. Administration can, however, entertain request from employee for postponement of promotion for very short periods on account of grave domestic difficulties or other humanitarian considerations. The employee concerned will be promoted after the period provided there is a vacancy and he will take his seniority from the date of the promotion.

2. Refusal of promotion has relevance to a particular grade at any station and not to a particular post at a particular station.

3. Refusal of promotion as Section Officer (Accounts)/Inspector of Stores Accounts/Travelling Inspector of Accounts by empanelled appendix III qualified staff will be regulated as follows :-

(i) The concerned staff should be debarred for promotion for one year, on each occasion they refuse promotion;

(ii) They should be considered for promotion only against the vacancy becoming available after expiry of one year; and

(iii) They will get seniority only from the date of promotion. In other words, they will be placed junior to all those promoted during the period of debarment from the same panel as also from the subsequent panel(s).

(Railway Board’s letter No. E(NG)I/91/PM9/7 dated 13.2.92 - acs No.06 )

4. Penalty for refusal of promotion applies to cases of seeking of reversion in the grade after being once promoted.

III. Promotion at the same station:- In the case of promotion at the same station, whether in

[Railway Board’s letter No. E(NG)I/64/PM1/66 dt. 21.01.65 & E(NG)I/71/PM1/106 dated 15.12.71 ]
long term or short term vacancies, refusal to officiate on promotion may be taken as refusal to work inviting disciplinary action having regard to the reasons for such refusal.

Provided that D&A action based on good and sufficient reasons may be initiated for refusal of ad hoc promotion at the same station only in those cases where such refusal affects train operations.

225. Trade Test for Artisan Categories

(i) An employee may officiate on ad-hoc basis for six weeks without passing a trade test.

(ii) Trade test may comprise both oral and practical test but no separate oral tests not forming part of the trade test should be given to candidates in Artisan category to screen them etc.

(iii) In so far as interval between two trade tests, calculation of vacancies, number of staff to be called for trade test etc. are concerned, orders issued from time to time regarding suitability tests apply also to the trade test.

226 Exemption in Suitability Trade Tests in the Open Line on the basis of Trade/Suitability Tests passed while in Railway Electrification Project or Construction Projects:

Staff who have already qualified in the Suitability/Trade Test for non-selection post while in Construction/Railway Electrification Projects need not be subjected to such tests on the open line and they may be promoted on the basis of their seniority as and when due in turn. This concession is applicable in comparable trades only in which the lien of the individual is kept on the open line and is applicable to only one grade higher than the one in which the lien is kept.

E(NG) I-75/PM 1-266 dt. 21-2-76, 4-7-76 & 29-11-77

227. Promotional Courses

(i) Railways may prescribe requisite promotional courses passing of which should be pre-condition for further promotion to a grade in a cadre.

(ii) When employees are booked for promotional course, they should be relieved immediately.

(iii) No exemption should be given from passing a prescribed promotional course.

E(NG) I/76/PM 1-219/Pt. dt. 31-5-77

(iv) In case of posts for which 'Promotional Course' has been prescribed as a pre-requisite condition to promotion, the employee may be allowed to avail of three chances to pass the course at the cost of the Administration. More chances, if any allowed, should be at the cost of the employee himself.

228. Erroneous Promotions.

(I) Sometimes due to administrative errors, staff are over-looked for promotion to higher grades could either be on account of wrong assignment of relative seniority of the eligible staff or full facts not being placed before the competent authority at the time of ordering promotion or some other reasons. Broadly, loss of seniority due to the administrative errors can be of two types:

(i) Where a person has not been promoted at all because of administrative error, and

(ii) Where a person has been promoted but not on the date from which he would have been promoted but for the administrative error.

Each such case should be dealt with on its merits. The staff who have lost promotion on account of administrative error should on promotion be assigned correct seniority vis-à-vis their juniors already
promoted, irrespective of the date of promotion. Pay in the higher grade on promotion may be fixed
proforma at the proper time. The enhanced pay may be allowed from the date of actual promotion.
No arrears on this account shall be payable as he did not actually shoulder the duties and
responsibilities of the higher posts.

(II) In pursuance of Rule 1326-R.II, 1987 Edition the following provisions shall govern the pay and
increments of the Railway servant whose promotions or appointments in a substantive or officiating
capacity to a post is later found to be erroneous on the basis of facts:

(a) The orders of notification of promotion or appointment of a railway servant should be cancelled as
soon as it is brought to the notice of the appointing authority that such a promotion or appointment
has resulted from a factual error and the railway servant concerned, should, immediately on such
cancellation, be brought to the position which he would have held but for the incorrect orders of
promotion or appointment.

In the case, however, of a railway servant, who has been erroneously promoted and appointed to a
post in a substantive capacity, procedure prescribed in Board's letter No. E5O/ICCI/16/3 dt. 23-7-
1954 for rescinding the irregular confirmation of a railway servant should be followed and only
thereafter the railway servant concerned should be brought down to the position which he would
have held but for the erroneous promotion/appointment by the issue of orders as mentioned above.
Service rendered by the Railway servant concerned in the post to which he was wrongly
promoted/appointed, as a result of the error should not be reckoned for the purpose of increments or
for any other purpose in that grade/post to which he would not normally be entitled but for the
erroneous promotion/appointment.

(b) Any consequential promotion or appointments of other railway servants made on the basis of
the incorrect promotion or appointment of a particular railway servant will also be regarded as
erroneous and such cases also will be regulated on the lines indicated in the preceding paragraph.

(c) Except where the appointing authority is the Railway Board or the President, the question
whether promotion/appointment of a particular railway servant to a post was erroneous or
not should be decided by an authority next higher than the appointing authority in
accordance with the established principles governing promotions/appointments. Where the
appointing authority is the Railway Board or the President, the decision should rest with the President
and shall be final.

(d) Cases of erroneous promotion/appointment in a substantive or officiating capacity
should be viewed with serious concern, and suitable disciplinary action should be taken against the
officers and staff responsible for such erroneous promotion or appointment. The orders refixing the
pay should be issued expressly under Rule 2927-R.II.

**********-----------------------------**********-----------
CHAPTER III
RULES REGULATING SENIORITY OF RAILWAY SERVANTS
SECTION-A: NON-GAZETTED

301. General.
The rules contained in this Chapter lay down the General principles that may be followed for determining the seniority of non-gazetted railway servants on railway administration, except that for the purpose of determining the seniority and promotion of non-gazetted employees of the Diesel Locomotive Works the rules contained in paragraphs 324 to 328 of this Chapter shall be followed.

Note: Such of the rules in this section as are not already extent shall apply from such dates as may be fixed by the railway administrations. The seniority of the staff already determined under the extant rules or orders of the respective railway administrations shall not be altered.

302. Seniority in initial recruitment grades.
Unless specifically stated otherwise, the seniority among the incumbents of a post in a grade is governed by the date of appointment to the grade. The grant of pay higher than the initial pay should not, as a rule, confer on a railway servant seniority above those who are already appointed against regular posts. In categories of posts partially filled by direct recruitment and partially by promotion, the criterion for determination of seniority should be the date of regular promotion after due process in the case of promotee and the date of joining the working post after due process in the case of direct recruit, subject to maintenance of inter-se-seniority of promotees and direct recruits among themselves. When the dates of entry into a grade of promoted railway servants and direct recruits are the same they should be put in alternate positions, the promotees being senior to the direct recruits, maintaining inter-se-seniority of each group.

Note (i) In case the training period of a direct recruit is curtailed in the exigencies of service, the date of joining the working post in case of such a direct recruit shall be the date he would have normally come to a working post after completion of the prescribed period of training.

(No. E (NG) I-78-SR-6-42 dt. 7-4-1982 ACS. 132).

Note (ii) The Provision contained in Note (i) above will also apply to the Inter Apprentices and departmentally selected candidates against the quotas prescribed in certain categories to be filled by Limited Departmental Competitive Examination (such as 10% in the case of Traffic and Commercial Apprentices).

303. The seniority of candidates recruited through the Railway Recruitment Board or by any other recruiting authority should be determined as under:

(a) Candidates who are sent for initial training to Training Schools will rank in Seniority in the relevant Grade in the order of merit obtained in the examination held at the end of the training period before being posted against working post. Those who join the subsequent courses and those who pass the examination in subsequent chances will rank junior to those who had passed the examination. In case, however, persons belonging to the same RRB panel are sent for initial training in batches due to administrative reasons and not because of reasons attributable to the candidates, the inter-se seniority will be regulated batchwise provided persons higher up in the panel of RRB not sent for training in the appropriate batch (as per seniority) due to administrative reasons shall be clubbed along with the candidates who took the training in the appropriate batch for the purpose of regulating the inter-se seniority provided such persons pass the examination at the end of the training in the first attempt.

(Authority Board’s letter NO. E(NG)I-89/SR6/32(PNM) dated 19-3-93)

(b) In the case of candidate who do not have to undergo any training in training school,
the seniority should be determined on the basis of the merit order assigned by the Railway Recruitment Board or other recruiting authority.

304. When two or more candidates are declared to be of equal merit at one and the same examination/selection, their relative seniority is determined by the date of birth the older candidate being the senior.

305. When, however, a candidate whose seniority is to be determined under paragraphs 303 and 304 above cannot join duty within a reasonable time after the receipt of orders of appointment, the appointing authority may determine his seniority by placing him below all the candidates selected at the same examination/selection, who have joined within the period allowed for reporting to duty or even below candidates selected at subsequent examination/selection who have joined before him.

306. Candidates selected for appointment at an earlier selection shall be senior to those selected later irrespective of the dates of posting except in the case covered by paragraph 305 above.

307. When confirmation follows a specified probationary period if any, without break, the date of appointment to the grade is reckoned from the date of commencement of such probationary period.

308. When a probationary period is followed by an extended probationary period and confirmation follows such extension without break, the date of appointment to the grade or post, unless otherwise stated, should be reckoned from a date later than the commencement of the probationary period, to the extent of the extension of the probationary period. In cases where probationary period is not extended and staff are confirmed at the end of such period the date of appointment to the grade or post will be that on which the employee was sent to the training school for initial training or the date of joining the working post whichever is earlier.

309. SENIORITY ON PROMOTION. Paragraph 306 above applies equally to seniority in promotion vacancies in one and the same category due allowance being made for delay, if any, in joining the new posts in the exigencies of service.

310. MUTUAL EXCHANGE. Railway servants transferred on mutual exchange from one cadre of a division, office or railway to the corresponding cadre in another division, office or railway shall retain their seniority on the basis of the date of promotion to the grade or take the seniority of the railway servants with whom they have exchanged, whichever of the two may be lower.

311. TRANSFER IN THE INTEREST OF ADMINISTRATION. Seniority of railway servants on transfer from one cadre to another in the interest of the administration is regulated by the date of promotion/date of appointment to the grade as the case may be.

312. TRANSFER ON REQUEST. The seniority of railway servants transferred at their own request from one railway to another should be allotted below that of the existing confirmed, temporary and officiating railway servants in the relevant grade in the promotion group in the new establishment irrespective of the date of confirmation or length of officiating or temporary service of the transferred railway servants.

Note: (i) This applies also to cases of transfer on request from one cadre/division to another cadre/division on the same railway.

(ii) The expression "relevant grade" applies to grade where there is an element of direct recruitment. Transfers on request from Railway employees working in such grades may be accepted provided they fulfil the educational qualifications laid down for direct recruitment to the post. No such transfers should be allowed in the intermediates grades in which all the posts are filled entirely by promotion of staff from the lower grade(s) and there is no element of direct recruitment.

(Railway Board's letter NO. E(NG)/99/TR/15 dated 08.02.2000)
313. **MEDICALLY UNFITTED RAILWAY SERVANTS**

(a) (i) Medically decategorised staff may, as far as possible, be absorbed in such alternative posts which should broadly be in allied categories and where their background and experience in earlier posts could be utilized. For example, traffic running and operating staff need not necessarily be absorbed in the ticket checking cadre alone but they could also be absorbed in other commercial, station or yard categories.

(ii) The medically decategorised staff absorbed in alternative posts, whether in the same or other cadre, should be allowed seniority in the grade of absorption with reference to the length of service rendered in the equivalent or corresponding grade, irrespective of the rate of pay fixed in the grade of absorption under the extant rules. In the case of staff who are in grade higher than the grade of absorption at the time of medical decategorisation, total service in the equivalent and higher grade is to be taken into account.

Provided that if a medically decategorised employee happens to be absorbed in the cadre from which he was originally promoted, he will not be placed above his erstwhile seniors in the grade of absorption.

(iii) While absorbing the medically decategorised Running Staff in alternative posts, a percentage of basic pay representing the pay element in Running Allowance, as decided by the Government through administrative instructions from time to time, should be added to. the minimum as well as maximum of the scale of pay for purposes of identifying 'equivalent' posts and their seniority should then be fixed in the equivalent absorbing posts. [No. E(NG) II/77/RE-3-2 of 2-9-77 and E(NG)I-8O-SR-6/83 of 5-3-1981].

(b) Railway servants whose services were terminated either because of the maximum limit of all leave including extraordinary leave having been exceeded or the medical authorities could not recommend the grant of extraordinary leave in the case of tuberculosis, pleurisy and leprosy patients and are re-employed in railway service after being declared fit to work by the medical authority should take their seniority below all permanent railway servants on the date of their re-employment provided they were permanent before medical unfitness or would have been confirmed in the meantime. Railway servants who were officiating or temporary at the time of medical unfitness or would not have been confirmed in the meantime should be placed below the officiating or temporary employees as the case may be on the date of their re-employment.

(c) Seniority of medically unfitted staff mentioned in sub-para (a) above, on restoration to their original posts should be determined as under:

(i) Railway servants who properly appeal within the time limit laid down for appeals or whose appeal is entertained in a reasonable period waiving the time limit and get declared fit, should not lose their seniority or their claim for consideration for promotion for which they were eligible in the original category in which they were employed.

(ii) Seniority of railway servants who prefer delayed appeals and are declared fit or who take treatment and consequently get declared fit, if they were formerly confirmed in the grades in which they were, would be affected to the extent of any persons who may have been confirmed before their re-absorption into the original category. If, however, they were only officiating in the original category, then their seniority should be below the staff confirmed till then, but need not be affected vis-a-vis their original juniors who happen to be till officiating.

(d) In the case of staff coming to a new unit on own request by accepting bottom seniority and then getting medically de-categorised, provision of sub-Para (a) (ii) above will be applicable only to the extent of service in the new unit.

(e) In the case of staff who are not required to undergo periodical Medical examination but who of their own accord request for change of category on grounds of health, and are recommended
change of occupation by the medical authority, their change will be treated as transfer on own request and dealt with as per para 312.

313A: Assignment of seniority to redeployed surplus staff: The surplus employees are not entitled for benefit of the past service rendered in the previous unit/department for the purpose of their seniority in the new unit/department. Such employees are to be treated as fresh entrants in the matter of their seniority, promotions etc.

Note I: When two or more surplus employees of a particular grade in a unit / department are selected on different dates for absorption in a grade in another unit / department, their inter-se seniority in the latter unit/department will be same as in their previous unit/department provided that -

(i) no direct recruit has been selected for appointment to that grade in between these dates; and

(ii) no promotee has been approved for appointment to that grade between these dates.

Note II: When two or more surplus employees of a particular grade in a unit/department are simultaneously selected for redeployment in another unit/department in a grade, their inter-se seniority in the particular grade, on redeployment in the latter unit/department, would be the same as in their previous unit/department.

314. Seniority when date of appointment to a grade is the same. Subject to what has been stated in paragraphs 302, 303, 304, 305 & 306, when the dates of appointment to the grade are the same, the dates of entry into the grade next below it shall determine seniority. If those dates also coincide, then the dates of entry into each of the lower grades in order down to the lowest grade in the channel of promotion shall determine seniority. If these dates are also identical, then the relative date of birth shall determine seniority, the older person being the senior.

315. DEPARTMENTAL EXAMINATION TRADE TEST

Subject to what is stated in paragraphs 316, 317 and 320 below, where the passing of a departmental examination or trade test has been prescribed as a condition precedent to the promotion to a particular non-selection post, the relative seniority of the railway servants passing the examination/test in their due turn and on the same date or different dates which are treated as one continuous examination, as the case may be, shall be determined with reference to their substantive or basic seniority.

316. A railway servant who, for reasons beyond his control, is unable to appear in the examination/test in his turn along with others, shall be given the examination/test immediately he is available and if he passes the same, he shall be entitled for promotion to the post as if he had passed the examination/test in his turn.

Note 1. The expression 'reasons beyond his control' appearing above should be interpreted to include the following:

(i) Sickness of the railway servant supported by the medical certificate of the authorized medical attendant;

(ii) Sickness of the members of a railway servant's family supported by the medical certificate of the authorized medical attendant, so serious that the railway servant could not be reasonably expected to take the test;
(iii) Proved non-receipt of intimation of the examination/test owing to being on leave or on duty elsewhere than at the headquarters or for any other reasons acceptable to the administration; and

(iv) Administration not relieving the railway servant for such examination or test.

2. This will not apply to departmental examinations prescribed in App. 2 & 3 IREM.

317. **SENIORITY FOR PROMOTION AS SECTION OFFICER (ACCOUNTS) INSPECTORS OF STATION OR STORES ACCOUNTS:**

(a) Seniority for promotion to the rank of Section Officer (Accounts) or Inspector of Station or Stores Accounts should count entirely according to the date of passing the examination qualifying for promotion to those ranks. Candidates who pass the examination in a particular year are ipso facto senior to those who qualify in subsequent years irrespective of their relative seniority before passing the examination. On receipt of the result of the above examination an appropriate Selection Board on each Railway Administration should immediately arrange to assign a suitable place to each such candidate in the panel based on their relative seniority. The staff placed on the panel in any year will rank enbloc senior to those empanelled in subsequent years.

*(Authority: Railway Board's letter no.2004/AC-II/20/34 dated 14-12-2004)*

(b) Directly recruited Section Officer (Accounts)/Cost Accountants and Inspectors of Station Accounts, if any, should be assigned a position on the proforma panel of these categories as soon as they are given charge of working posts after completion of the prescribed training. They should be placed below the last man officiating against a non-fortuitous vacancy in these categories of a Section Officer (Accounts). In case more than one direct recruit has to be assigned a position, their inter-se seniority should be with reference to the position assigned to them by the Railway Recruitment Board. They will retain their seniority thus allotted subject to their passing Appendix 3 (IREM) examination within the prescribed period, except in the case of Cost Accountant who are not required to pass such an examination. In the event of any directly recruited Section Officer (Accounts) not passing the examination within the prescribed period, he is liable to be discharged. In case, however, a further chance is given, the question of his retaining his original seniority will be considered on the merit of each case. Such cases should be referred to the Railway Board for decision.

318. **SENIORITY OF ACCOUNTS CLERKS ON PROMOTION TO JUNIOR ACCOUNTS ASSISTANT IN ACCOUNTS DEPARTMENT**

The seniority of Junior Accounts Assistant is to be determined with reference to the date of promotion of a promotee and with reference to date of appointment of a direct recruit; directly recruited Junior Accounts Assistants, passing Appendix 2 (IREM) Examination within extended period of probation losing seniority to other persons of his/her batch but not to promotees.

319. **SENIORITY ON PROMOTION TO NO SELECTION POSTS**

(a) Promotion to non-selection posts shall be on the basis of seniority-cum-suitability, suitability being judged by the authority competent to fill the post, by oral and/or written test or a departmental examination or a trade test or by scrutiny of record of service as considered necessary. The only exception to this would be in cases where for administrative convenience, which should be recorded in writing, the competent authority considers it necessary to appoint a railway servant other than the senior most suitable railway servant to officiate purely in ad hoc capacity in a short term vacancy not exceeding two months as a rule and four months in any case. This will, however, not give the junior railway servant any advantage not otherwise due to him and will not confer on him any right to
continue in that post in preference to his senior who are found suitable. A railway servant, once promoted in his turn after being found suitable against a vacancy, which is non-fortuitous, should be considered as senior in that grade to all others who are subsequently promoted after being found suitable. The suitability of a railway servant for promotion should be judged on the date of the vacancy in the higher grade, or as close to it as possible.

(b) An employee who qualifies in an earlier test and gets promoted in a non-fortuitous vacancy but reverts to the lower grade before a subsequent test is held will rank senior to all others who qualify in the subsequent test. Those who have either officiated in fortuitous vacancies or did not officiate at all will not be given any protection for seniority of subsequent promotion.

320. RELATIVE SENIORITY OF EMPLOYEES IN AN INTERMEDIATE GRADE BELONGING TO DIFFERENT SENIORITY UNITS APPEARING FOR A SELECTION/NON-SELECTION POST IN HIGHER GRADE.

When a post (selection as well as non-selection) is filled by considering staff of different seniority units, the total length of continuous service in the same or equivalent grade held by the employees shall be the determining factor for assigning interseniority irrespective of the date of confirmation of an employee with lesser length of continuous service as compared to another unconfirmed employee with longer length of continuous service. This is subject to the proviso that only non-fortuitous service should be taken into account for this purpose.

Note : Non-fortuitous service means the service rendered after the date of regular promotion after due process.

321. PERMISSION TO RAILWAY SERVANTS TO PERUSE SENIORITY LIST:

(a) Railway servants may be permitted to see the seniority lists in which their names are placed, or if this cannot conveniently be arranged, they may be informed, on request, of their place on the seniority list.

(b) Staff concerned may be allowed to represent about the assignment of their seniority position within a period of one year after the publishing of the seniority list. No cases for revision in seniority lists should be entertained beyond this period.

322. EFFECT OF REDUCTION IN PAY OR GRADE:

(i) Reduction to a lower stage in the time-scale. Reduction in pay, as distinct from reductions from a higher grade or class to a lower grade or class, does not affect a railway servant's position on the seniority list. The authority ordering reduction should invariably state the period for which it shall be effective and whether, on restoration, the period of reduction shall operate to postpone his future increments and, if so, to what extent.

(ii) Reduction to a lower service, grade or post, or to a lower time-scale.

(a) Where the order imposing penalty for reduction does not specify the period of reduction and there is coupled with it an order declaring the railway servant permanently unfit for promotion, the question of repromotion or determination of seniority will obviously not arise.

(b) Where the period of reduction is not specified in the order imposing the penalty of reduction, the railway servant should be deemed to be reduced for an indefinite period, i.e. till such date as, on the basis of his performance subsequent to the order of reduction, he may be considered fit for promotion. On repromotion, the seniority of such a railway servant should be determined by the date of repromotion. In all such cases, the person loses his original seniority in the higher service, grade or post in entirety. On repromotion, the seniority of such a railway servant should be determined by the date of repromotion without regard to the service rendered by him in such service, grade or post prior to his reduction.
In cases where the penalty of reduction to a lower service, grade or post or lower time-scale is for a specified period, the employee concerned should be repromoted automatically to the post from which he was reduced. The seniority in the original service, grade or post or time scale should be fixed in such cases in accordance with the provisions contained in Rule 6 (vi) of the Railway Servants (Discipline and Appeal) Rules, 1968 as clarified vide Railway Board's letters No. E(D&A) 73 RG6-5 dated 22.2.1974 and No. E(D&A) 2001 RG6-58 dated 28.11.2002.

(Authority: Railway Board's letter No. E (D&A) 2007 RG6-24 dated 10.08.2007)

(d) When a railway servant is reduced from a higher grade, or class to a lower grade, whether for a specified period or indefinitely, his seniority in the lower grade shall be fixed with reference to his position which he would have been entitled to but for his promotion to the higher grade or class from which he is reduced.

323. **Staff directly recruited on the Locomotive Component Works**

All persons who were directly recruited in the Locomotive Component Works shall be deemed to have been transferred to the Diesel Locomotive Works on 1-8-1961, the date on which the Diesel Locomotive Works was set up. Persons other than Trainees and Apprentices who have been directly recruited in the Diesel Locomotive Works from a panel of an earlier date shall be senior to those recruited from a panel of a later date, and in the case, of recruitment from the same panel, seniority shall be determined on the basis of the position of the persons in the panel arranged in order of merit. In the case of Trainees and apprentices, seniority shall be determined on the basis of the merit list drawn up at the time of completion of the training.

325. **Staff Transferred from Railways or Production Units**

(1) Persons who have been transferred to the Locomotive Component Works shall be deemed to have been transferred to the Diesel Locomotive Works on 1-8-1961 in the grade which would have been held by them on their parent Railway but for such transfer, the length of non-fortuitous service held by them on that date in that grade shall determine their relative seniority.

(2) Persons who have been transferred to the Diesel Locomotive Works from a Railway/Production Unit on or after 1-8-1961 but up to 1-4-1965 in the case of ministerial staff and up to 1-1-1969 in the case of technical and non-ministerial staff shall be deemed to have been transferred in the grade held by them on their parent Railway/Production Unit on the date of transfer and will be assigned seniority in the Diesel Locomotive Works on the basis of length of non-fortuitous service rendered by them in that grade.

(2) Persons who have been transferred from a Construction/Project to the Locomotive Component
Works/Diesel Locomotive Works and who do not hold any lien on any Railway/ Production Unit shall be deemed to have been transferred in the lowest grade in a category in which direct recruitment is permissible under the rules on the date of joining the Locomotive Component Works/Diesel Locomotive Works. They shall thereafter be dealt with in the same manner as persons directly recruited on the Locomotive Component Works/Diesel Locomotive Works, vide Rules 323 and 324 above.

SECTION-B: GAZETTED

327. General The rules contained in paragraph, 328 to 336 of this Section lay down the principles that may be followed for determining the relative seniority of Group 'A', Junior Scale officers of all the services on Indian Railways except the officers of Medical, Railway Protection Force, Chemists and Metallurgists, Printing and Stationery, Rajbhasha departments and other miscellaneous categories.

328. The Seniority of officers, appointed to various Indian Railway Services Group 'A', Junior Scale shall be determined on the basis of the 'date for increment on the time scale' (DITS) to be specifically determined in each case in accordance with the principles in the following paragraphs.

329. Unless otherwise stated, officers appointed to the Indian Railway Services, Group 'A' (earlier referred to as Class-I) on the basis of competitive examinations held by the Union Public Service Commission upto 1985 Examination batch and Special Class Railway Apprentices (SCRAs) upto 1982 batch, shall count service for seniority, from the date they commence earning increments in the regular scale as Junior Scale Officers in Group 'A' (earlier referred to as Assistant Officers) subject to the condition that the inter-se seniority of officers in each service recruited as probationers in a particular year shall be regulated by their place in the order of merit.

330. Unless otherwise stated, officers appointed to the Indian Railway Services (Group 'A') on the basis of competition examinations held by the Union Public Service Commission (UPSC) w.e.f. 1986 Examination batch and Special Class Railway Apprentices (SCRAs) w.e.f. 1983 batch, shall count service for seniority from the date they commence earning increments in the regular scale as Junior Scale Officers in Group 'A' subject to the condition that the inter-se seniority of officers in each service recruited as probationers in a particular year will be regulated by their place in the order of merit, which shall be determined on the basis of marks obtained by them during the probationary training and at the competitive examination conducted by the Union Public Service Commission (Apprenticeship training in the case of SCRAs). For this purpose, the marks obtained in the competitive examination conducted by UPSC (Apprenticeship training in the case of SCRAS) and those obtained during probationary training shall be reduced/ increased to the base of 2050 and 1250 respectively.

Provided further that if two or more probationers have secured equal number of marks in the aggregate. their order of merit shall be the order of their dates of birth, the older ranking senior.

331. In the case of officers, recruited otherwise than through the regular competitive examinations and who may be granted higher initial pay on recruitment, the date for increment on time scale for the purpose of seniority, shall be so adjusted as to allow suitable credit in assigning seniority.

332. Officers recruited as Temporary Assistant Officers (Unclassified), on permanent appointment to the Junior Scale (Class I) in various Indian Railway Services may be granted weightage in seniority on the basis of half of the length, of the service, counted from the date of their joining service as Temporary Assistant Officers (Unclassified) to the date of their permanent appointment to the Junior Scale (Class I) of the respective service, subject to a maximum weightage of five years.

333. The order of selection by the Union Public Service Commission of officers, who are permanently appointed to the Junior Scale (Class I) from amongst Temporary Assistant Officers shall not be disturbed irrespective of the weightage worked out in accordance with principle mentioned at para 332 above. The Government will be at liberty, to restrict the date for increment on time scale in the case of an officer with longer service as Temporary Assistant Officer so as to place him in seniority below an officer who has been assigned a higher position based on merit although such an officer might have rendered lesser service as Temporary Assistant Officer.
334. In the case of Group 'B' officers permanently promoted to Junior Scale of Group 'A' services:

(1) Officers of a particular department promoted from the earlier panel shall rank senior to officers promoted from the later panel.

(2) If two or more than two officers are promoted on the same date, the following method shall be followed to determine their inter-se seniority within the Railway:

(i) The relative seniority of officers of each Railway shall be in the order of their position in the panel for that Railway.

(ii) The DITS of the above officers, shall be determined by giving weightage based on:

(a) the year of service connoted by the initial pay on permanent promotion to Group ‘A’ service; or

(b) half the total number of years of continuous service in Group 'B', both officiating, and permanent; whichever is more, subject to a maximum of 5 years; provided that the weightage so assigned does not exceed the total non-fortuitous service rendered by the officer in Group 'B'.

(iii) The DITS of the junior officer(s) in any Railway shall not be earlier than the DITS of his immediate senior in the same panel.

(3) The integrated seniority of the officers on All Indian Railways basis, shall be determined as under:

(i) The integrated seniority shall be on the basis of DITS, the officers having earlier DITS being senior.

(ii) The inter-se seniority of officers having same DITS shall be in the order of the length of non-fortuitous service in Group 'B'.

335. As permanent promotion from Group 'B' to Group 'A' (Junior Scale) service and permanent appointment of Temporary Assistant Officers to Junior Scale (Class-I) involves definite act of selection, the inter-se seniority of officers in each of the categories will be regulated by the date of permanent promotion or permanent appointment to Group ‘A’ Junior Scale services/ Class - I.

336. Officers, permanently appointed to the Group ‘A’ Junior Scale from the category mentioned at paragraphs 333 and 334 above, against quotas of vacancies reserved for them shall be placed below or above a particular batch of direct recruits accordingly as their DITS are earlier or later than the earliest date on which any one of the direct recruits in a particular batch joins service.

337. The seniority of officers, recruited to Group 'A' Junior Scale under the provision of the rules relating to 'Occasional admission of other qualified persons' shall be determined by the Government on the merits of each case.

338. Seniority of the released Emergency Commissioned Officers or Short Service Commissioned Officers appointed to various Indian Railway Services against vacancies reserved for them shall be determined keeping in view the instructions issued by the Cabinet Secretariat/ Department of Personnel and Training.

339. In regard to officers appointed to the Indian Railway Medical Service at Group 'A' Junior Scale level on the basis of Combined Medical Services Examination held by the Union Public Service Commission their inter-se seniority in a particular year shall be regulated by their place in the order of merit.

340. In regard to Senior Scale/ Junior Scale posts in miscellaneous categories viz; Chemists and Metallurgists, Senior Rajbhasha Adhikaris', printing and Stationery department and Organisation of the Chief Mining Adviser, where both direct recruitment and promotion is resorted to, the relative seniority of direct recruits and promotees shall be determined according to rotation of vacancies
between the direct recruits and promotoes which will be based on the quotas of vacancies reserved for direct recruitment and promotion, respectivly in the relevant recruitment rules.

341. In cases not covered by the above principles, seniority of officers appointed to the service shall be governed by such orders as may be issued by the Government in consultation with the UPSC, wherever necessary.

CHAPTER V
PERCENTAGE OF POSTS FIXED FOR VARIOUS CATEGORIES

501 Unless a deviation is specifically permitted by the Railway Board in any-particular case, the non-gazetted posts in the following categories on Railways have been distributed in the various grades in the percentages indicated against each:

Note 1. The percentage-fixed in each-case-shall apply equally to the permanent as well as the temporary strength of the cadre. It should, however, be applied separately to permanent and temporary posts.

Note 2. The percentage will apply to all the posts in question on the Railway as a whole and not separately to each promotion unit. So long as staff in groups with lower percentage of higher grade posts have some avenue of coming on to groups with a larger percentage of higher grade posts, the overall Percentage may be applied to grouped channels of promotion, the percentage in separate channels being varied within narrow limits.

Note 3. In cases where justification does not exist on the basis of duties and responsibilities for upgrading up to the specified percentage, the upgrading should be carried out up to the specific percentage and in such cases where a maximum and minimum percentage has been fixed, the upgrading should be carried out up to the minimum percentage.

CHAPTER VI
PAY, INCREMENTS AND EFFICIENCY BARS

Section 1 Fixation of pay of retrenched non-gazetted employees on appointment or other Government servants on transfer to railway posts, at a stage higher than the minimum.

601. The pay of person appointed afresh to a railway post is fixed at the minimum of the time-scale of post to which he is appointed. It is left to the discretion of the authority competent to create a permanent post to fix his pay at a higher stage in the timescale of that post in certain exceptional cases. Such fixation should, however, be made in consultation with the Financial Adviser of the railway administration concerned.

602. In the case of retrenched persons who may have previously served in a Government office/department in authorized scales which are identical to those in which they may be re-appointed on a railway, the fixation of pay should be regulated under the provisions of rule 1313 (a) (i) [F.R.22(a) (ii)] of the Indian Railway Establishment Code, Volume II i.e. they should be allowed, on re-appointment, the pay last drawn by them in identical scales in the previous Government office/department, the period during which they drew pay in such scale being allowed to count for increments in the railway posts.

603. In the case of persons who were previously holding upper division posts in a Government office/department on the prescribed scale of Rs.80-220 or authorized scale Rs.130-300/330-560/1200-2040 should, on re-appointment on the railway as lower division clerks on authorized scale of Rs.110-180, 260-400/950-1500 be allowed pay under paragraph 602 above but with reference to the pay that they would have drawn in the previous Government office/department as if the prescribed scale of the lower division had been prescribed for the upper division posts in that office/department.

604. In case of transfers from one railway department to another including transfer from a Government department, following general principles should be observed:

(a) TRANSFER FROM A HIGHER TO A LOWER POST

(i) Temporary employees. In such cases the benefit of completed years of service in the higher post may be given for purposes of advance increments in the lower post to which railway servant is appointed, provided, of course, that does not exceed the pay drawn in the higher post at the time of transfer. In case the appointment to the lower post involves appointment to a regular cadre with immediate or future prospects of absorption as a permanent railway servant, care should be taken to see that grant of advance increments does not come into conflict with the pay fixed for other railway servants in the cadre. In such cases, normally, it may be preferable to fix the pay at the minimum of the timescale, and to grant, subject to the approval of the Railway Board, a personal pay equal to the appropriate number of increments instead of fixing the pay at a higher stage in the timescale, the personal pay being absorbed in future increments.

(ii) PERMANENT GOVERNMENT SERVANTS In the case of permanent Government servants officiating in higher post and transferred to officiate in railway posts which are lower than the previous officiating posts, the previous officiating service in the higher posts should be allowed to count for increments.

(b) TRANSFER OF TEMPORARY GOVERNMENT SERVANTS FROM ONE POST TO ANOTHER EQUIVALENT POST. In such cases temporary Government servants may be given the advantage of completed years of service in the former posts for higher fixation of pay in the latter, provided that there is a reasonable prospect for the former posts to continue for a longer period and that the Government servant concerned would have continued to hold that post. In this case also, if the transfer is to a regular post in which chances of immediate or ultimate confirmation exist, it may be necessary in the interest of service of other railway servants to grant personal pay instead of a higher start. This personal pay will absorbed in future increments.

Section II Drawal of Increment in Timescale of Pay
605. Under rule 1318 of the Indian Railway Establishment Code, Volume II, an increment, other than an increment next above the efficiency bar, shall ordinarily be drawn as matter of course, unless it is withheld. The following procedure should be observed with a view to eliminating delay in the drawal of periodical increments.

606. (i) Instead of preparing eligible statements for drawal of annual increments for all non-gazetted staff, it would suffice if only ineligibility statements are prepared in respect of staff in whose cases it is proposed to withhold increment as measure of disciplinary action or due to any other reason e.g. staff remaining on extraordinary leave etc. The date of normal increment of every employee should be recorded by the bill preparing office in a separate column to be opened in the pay sheet etc. so as to facilitate timely drawal of increment. An entry should invariably be recorded in this column against the affected employee if (i) the employee has been permitted to cross Efficiency Bar in a time scale or (ii) if the increment has been withheld for any reason whatever.

While the responsibility for furnishing correct information in regard to date of increment, crossing of Efficiency Bar and withholding of increment etc., will be that of bill preparing officers, the Accounts offices will exercise necessary internal check in respect of correct drawal of increments with reference to information furnished in the appropriate column in the pay sheet etc. This information furnished in the pay sheets should be test-checked by the Accounts Inspection parties at the time when the Executive Offices are inspected by the Accounts Inspection parties.

[E. (NG) 11-76/ICI/1 of 20-1-77]

606. (ii) From 1-1-73, the annual increment will be admitted from the first of the month in which it would fall due under the operation of normal rules and orders regulating increments. For this:

(a) An employee on leave draws leave salary and not duty pay. So, an increment accruing while on leave cannot be drawn during leave. It will be drawn from the date of resumption of duty on return from leave.

(b) In case of postponement of increments due to leave without pay, the postponement will be worked out as per normal rules and the increment granted from the first of the month.

(c) In case of there being broken periods of service at the same stage and next increment falls on a date later than 1st of the month, it will be granted from the 1st of the month provided the Railway servant had been holding the post from the 1st of that month to the date it falls due. Else, it will be granted from the date it falls due.

(d) In case of withholding of increments for a specified period, if penalty expires after 1st of the month, the increment will be restored/granted from the date of penalty ceased. However, the next increment will be granted from the first of the month in which it would fall due.

(e) In case of increments other than normal increments e.g. advance or enhanced increments due to passing certain examination, the increment will be governed by normal rules and not by this rule.

No. PCIII-74/INC/1 dt. 17-1-74; 10-7-74; 7-1-75 and 10-9-80. PC.III/75/INC/2 of 10-11-75.

606. (iii) In order to arrive at the date of increment where the different spells and/or total of the periods not counting for increments exceed 29 days, the periods as well as the total of the periods not counting for increments should be converted in terms of months and days in accordance with instructions. The total period so converted shall be added to the date of mal increment to arrive at the actual date of increment as provided in proviso to Rule 1320-R-II(1987 Edition) to illustrate the above.

Arriving at the date of next increment:

(i) Date of last increment: 1-1-81.

(ii) Date of next increment in normal course: 1-1-82.

(iii) Period not counting due to (ii) above: 2 months & 13 days.

(iv) Add (iii) to (ii) = 14-3-82.

(a) The date of next increment will be, thus, 14-3-82. As per extant orders the increment is to be sanctioned from first of the month, so the next increment will be drawn on 1-3-82.

(b) Normal increment shall be drawn on the first of the month in which it falls due. However this will not apply to
(i) advance/enhanced increments granted for passing examinations etc.
(ii) increments withheld punishment
(iii) employees on deputation from state govt. or other bodies.

[PC(iii)/4/IWC/1 dt. 17-1-74, PC (iii) 74 IWC/1 dt. 7-1-75]

(iv) The annual increments shall be granted from the first of the month in which they fall due under operation of the normal rules and orders regulating increments (Rly. Bd. No. PC.iii/74/INC/1 of 17-1-74, 10-7-74). However, in cases like drawal of advance/enhanced increments due to passing of certain examination, or where increments are withheld as a measure of penalty etc. these orders shall not apply and the increment shall be restored/granted from the date the penalty ceases.
(Rly. Bd's No. PC III/74/INC/1 dt. 17-1-74, 7-1-75)

(v) Once the date of increment due on or after 1-11-73 has been determined as first of the month, the next would be worked out from the first of the month in which it was allowed in the previous years and not the date on which it became due under the normal rules. An example is given below to illustrate:

(i) Normal date of increment: 18-9-73
(ii) Leave without pay between 18-9-73 to 27-9-74: 40 days
(iii) Date of next increment (postponed by 40 days under normal rules): 28-10-74
(iv) Date on which increment actually allowed: 1-10-74
(v) LWP between Oct./74 to Oct./75: 28 days
(vi) Date of next increment will fall due on 29-10-75 i.e. after postponing by 28 days:
(vii) Date on which increment is actually allowed: 1-10-75

As the first of the month is the date of increment for all purposes, there would be no necessity of making entries in SR in respect of the date on which it becomes actually due under the normal rules.
No. PC.III/74/1 NL/1 dt. 10-9-80.

607. To abviate any delay arising from the fact that service records of railway servants transferred from one establishment to another are sometimes not dispatched promptly from one office to the other, it should be ensured that particulars which have a direct bearing on their dates of
Increments are invariably supplied in the following form, either with the order of transfer or in 'the last pay', particulars sent by one pay bill preparing office to the other:

<table>
<thead>
<tr>
<th>Sl. No.</th>
<th>Name</th>
<th>Designation</th>
<th>Station</th>
<th>Scale of Pay</th>
<th>Substantive Or Officiating</th>
<th>Present Pay</th>
<th>Date of Last Payment</th>
<th>Periods not counting for increment</th>
<th>Remarks</th>
</tr>
</thead>
</table>

*In the case of the first increment in a scale, the date of appointment to the scale should be entered.*

In this column should be noted the period of suspension, period of leave without pay, any period of leave not counting for increments, period of reversions, delay in fulfillment of any specific departmental conditions for grant of increments, e.g. passing the vernacular, first aid or efficiency bar test/examinations. The form for the last pay certificate in use on each railway should be suitably amended to provide for the above information being recorded therein.

608. Leave on full or half average pay counts for increment in the time-scale applicable to post in which a railway servant was officiating at the time he proceeded on such leave provided it is certified that the railway servant concerned would have continued to officiate but for his proceeding on leave. Subject to similar certification, the period of extra ordinary leave taken in cases of sickness covered by proper medical certificates counts for increment without a request to this effect being received from the railway servant concerned.

The aforesaid certificate may be issued by the leave sanctioning authority instead of the appointing authority in cases where no officiating arrangement is made in the leave vacancy and the railway servant returns to the same post after leave. The leave sanctioning authority may issue the certificate at the time of grant of leave itself in case the railway servant is likely to return to duty in the same post after leave.

The procedure for the issue of certificates outlined above applies, mutatis mutandis, to cases of maternity leave also.

To facilitate matters, the certificates should be recorded at the time of sanctioning leave, and the fact should be duly noted by staff dealing with increments so that case for increment is not held up late in trying to obtain or put together such certificates. As in a large number of cases leave (other than casual leave) covers relatively short periods of a few weeks or few days, during which no officiating arrangements is made, there should be no difficulty in the majority of cases in recording the certificate. The leave sanctioning authority should ensure, while sanctioning leave, that a certificate is recorded or that it cannot be recorded. Where lower authorities, who do not maintain the service records of staff, are delegated the power to sanction leave, these lower authorities should either record this certificate where they are aware that no arrangements have been made in the leave vacancy, or approach the controlling officer maintaining the service records who will issue the certificate promptly on receipt of advice of leave from the lower authorities.

609. The timely drawal of increments is one of the primary responsibilities of the administration. The executive and personnel officers as well as administrative officers should review the position periodically, to ensure compliance with the forgoing instructions.

610. Annual increment to Directly recruited Clerks Grade- I in Accounts Department

(i) They may be granted annual increment only on passing the Appendix II-A examination or on completion of one year's service whichever is later. Once they have passed Appendix II-A examination, increment may be allowed to them as in the normal course with full payment of arrears from the date they complete one year of service.

(ii) In case the Clerk Grade-I has not passed the Appendix. II-A examination and has been retained in service beyond a period of 3 years, with the approval of the Board, he may also be allowed annual
increment on passing Appendix II-A examination with appropriate arrears after completion of the first year of service.

Section III Efficiency Bar

611. Gazetted Railway Servants

(1) Wherever provision exists for an efficiency bar in the time-scale of pay, a gazetted railway servant, should be required to pass an examination before he is allowed to draw increments beyond the efficiency bar.

Note. Efficiency bar examination in a time scale of pay should be treated as a single unit. A railway servant should be required to pass the same in all subjects at one and the same time. Passing of each examination in parts should not be permitted.

(2) Efficiency bars exist in the following prescribed and authorized scales of pay applicable to gazetted railway servants:

<table>
<thead>
<tr>
<th>Category</th>
<th>Revised scale of pay 3rd Pay Commission</th>
<th>Revised Pay Scale (4th Pay Commission)</th>

</thead>

</tr>
</tbody>
</table>

612. Subject to what is provided in paragraphs 614 and 615 below the following procedure should be observed before permitting a gazetted railway servant to cross the efficiency bar:

(a) For the first efficiency bar corresponding to about the eleventh year of service, a written test in addition to a viva voce examination shall be held; the written test being designed to examine the general applied knowledge which the gazetted railway servant has gained during his period of service. The viva voce test will be conducted by a board.

(b) For the second efficiency bar corresponding to about the sixteenth year of service, wherever it exists, the fitness of the gazetted railway servant to cross the bar should be determined by the considered opinion of the administration based on the report of a board consisting of the General Manager, the Head of the Department to which the gazetted railway servant belongs and another Head of Department.

613 (1) Except what is provided in sub-paragraph (2) below, the Indian Railway Accounts Service officers should be examined in the written test prescribed before permitting them to cross the efficiency bar after the eleventh year of service. The written test should consist of the following papers:

(i) Railway rating and general work of the railways including finance and accounts; and

(ii) Cost accounting and economics of operations. The written examinations and viva voce tests will be held by railway administrations.
The railway servants permanently promoted to the Indian Railway Accounts Service from Group 'C'/B' are divided into three categories, namely:

(a) those who have not crossed any of the efficiency bars in Group 'B',

(b) those who have passed the first efficiency bar test in Group 'B' or are more than 50 years of age on the date of permanent promotion to Group 'A', and

(c) those who have crossed both the efficiency bars in Group 'B'.

In regard to (a), the railway servants concerned should be examined in the written and viva voce tests prescribed in sub-paragraph (1) above before being permitted to cross the efficiency bar after the tenth year of service.

As regards (b), the railway servants concerned will have the option of taking written test only in one of the two subjects prescribed besides the viva voce test, which is compulsory.

As regards (c), the railway servants concerned are not required to sit for the efficiency bar examination on promotion to Group 'A'.

Note: For the efficiency bar test of the India Railway Accounts Service officers in regard to general working of railways, the syllabus at Annexure 'A' if intended as a guide. Books may be used in this paper.

614. The following procedure should be observed in the case of Group 'B' officers entitled to the prescribed for authorized scale of Pay.

(a) For the first efficiency bar:

(i) A viva voce test; and

(ii) A review of the gazetted railway servants work during the past three years personally by the Head of the Department concerned.

(b) For the second efficiency bar:

Interview by a board consisting of the Head of the Department and two other Heads of Departments.

Note 1: A group 'B' officer, who has passed the efficiency bar test prescribed in the junior scale, while officiating in the senior scale, shall, if later on, reverts to group 'B' post, be exempted from taking the test prescribed for crossing the second efficiency bar in the prescribed or authorized scale for group B.

Note 2: A group 'B' or group 'C' railway servant drawing pay in the prescribed or authorized scales of pay and officiating in the senior scale, should be required to pass the efficiency bar test prescribed for junior scale officers before his pay in the senior scale is raised from Rs. 860 to 900 in the prescribed scale or Rs. 900 to Rs. 940 in the authorized scale which are stages corresponding to Rs. 590 and Rs. 620 in the prescribed junior scale or Rs. 670 to Rs. 705 in the authorized junior scale.

615. In all cases, the written test and/or viva voce examination prescribed in paragraphs 613 and 614 above should be conducted and the result announced sufficiently before the due date.

Note 1: In respect of Efficiency bar in the Junior scale an officer should secure at least 50% marks in each of the written and viva voce tests and 60% in the aggregate.

2. An E.B. test is intended to test the officer's fitness and should be treated as a single unit. Passing of efficiency bar examination in parts should not be permitted.

616. When, in exceptional cases, it is not possible to conduct the examination in time for adequate administrative reasons, the railway administration may certify such a gazetted railway servant as
having crossed the bar from the due date provided he passes the test at the first opportunity.

A statement in the following form giving details of cases in which the railway administration issues
the certificate referred to above should be furnished half yearly to the Railway Board:

(i) Name of the gazetted railway servant;

(ii) Date on which due to cross the efficiency bar;

(iii) Date on which examined and declared fit to cross the efficiency bar;

(iv) Circumstances under which examination could not be held before due date; and

(v) Remarks.

617. The stoppage of an increment at an efficiency bar does not constitute a penalty under the
Discipline and Appeal Rules.

618. On each occasion on which a gazetted railway servant is allowed to cross the efficiency bar
which had previously been enforced against him, he should come on to the time-scale at such stage
as the authority competent to declare the bar removed may fix for him subject to the pay admissible
according to his length of service.

619. A gazetted railway servant against whom the efficiency bar has operated in the junior scale,
should not, on subsequent promotion to the senior scale after removal of the bar, automatically be
placed on the stage of that scale connoted by his years of service, but should ordinarily be allowed to
draw pay next above the stage of the bar. In exceptional cases, however, the General Manager at
his discretion, may fix his pay at any higher stage in the time-scale, subject to the maximum pay
connoted by his years of service.

620. A railway servant against whom an efficiency bar has been in force or whose increment has
been withheld for failure to pass a prescribed examination shall ordinarily re-commence his ascent in
the time scale from the date on which the bar is removed or on which he passes the examination
and from the stage at which he was detained. In exceptional cases, however, the authority
competent to grant advance Increments may at its discretion fix the railway servants pay at any
stage in time scale subject to the maximum of the pay he would have received but for his detention.
in respect of railway servants drawing pay in the junior scale, this power may be exercised by the
General Manager of a railway. The arrears of pay in respect of the period of detention shall in no case
be refunded to the railway servant.

621. A railway servant who is promoted substantively to the senior scale before reaching the
efficiency bar, shall not be required to pass any test for efficiency bar after confirmation in the senior
scale if there is no bar in that scale.

622. No distinction shall be made between officiating and substantive railway servants in the matter
of crossing the efficiency bar in a scale where it exists.

623. A railway servant whose pay under the normal operation of rules happens, to be fixed at a
stage above the efficiency bar in a time-scale, should be required to pass the efficiency bar before
sanctioning to him the first increment after such initial fixation of pay.

624. Where an efficiency bar is prescribed in a timescale, the increment next above the bar shall not
be given to a railway servant unless he is certified as fit to cross the efficiency bar by the competent
authority. The railway administrations should hold tests which the railway servant must pass before
he is allowed to cross the bar.

625. In order to eliminate delay in holding efficiency bar tests for railway servants who are due
increment above the efficiency bar in time-scale of pay, it is necessary to systematize the work by
arranging that efficiency bar tests are spread over two periods each year, say, (i) between July and
September in respect of railway servants who are due increments in the first half of the following
calendar year, and (ii) between January and March for railway servants who are due increments in the second half of the calendar year. This will allow sufficient time to give those who are unable to take prescribed tests on account of illness, etc., a second opportunity. Such special arrangements are not likely to be necessary on a large scale, unless the number of absentee is high.

Occasions for an employee officiating on adhoc basis to cross E.B. should not normally arise and all adhoc promotion should be terminated as early as possible. However, if it becomes necessary to put to test for crossing E.B. stage, no distinction between adhoc and regular employee should be made. Further, while allowing the employee to cross EB in such cases, it may be made clear in the order to be issued in this connection that crossing of E.B. stage would not confer any right on the staff concerned to claim automatic empanelment/regularization in the selection/suitability tests held for filling up the vacancies operated on adhoc basis merely on the ground that they were allowed to cross E.B. stage in the grade held by him on adhoc basis.

[No. E(NG) 1-82-EB-I dt. 31-5-83].

626. The provision of paras 617 and 618 equally apply in the case of non-gazetted railway servants.

627. in the case of railway servants in categories for which special orders in regard to test for efficiency bar exist, e.g., signallers etc. the test should be carried out according to those special orders.

628. When an increment above the efficiency bar falls due during leave preparatory to retirement, it should be sanctioned, provided the competent authority is satisfied that but for his proceeding on leave preparatory to retirement the railway servant concerned would have passed the efficiency bar test.

Note: For this purpose it is immaterial whether the employee proceeds on L.P.R. on medical grounds or otherwise.

629. In respect of non-gazetted Railway servants whether governed by Payment of Wages Act or not (the efficiency bar should be enforced at the appropriate stage, but if the efficiency bar test could not be held in time due to adequate reasons or due to sickness of a railway servant the competent authority is empowered to grant the increment from the due dates only when the Railway servant passes the test at the first opportunity. This would mean that while no increment will be drawn till the railway servant passes the test, this will be drawn as soon as he does so, with effect from the due date.

630. **PROCEDURE FOR HOLDING EFFICIENCY BAR TESTS:**

(i) The following principles should be followed for holding such tests:

(a) In respect of categories where confidential reports are maintained on railway servants the efficiency bar test shall be an oral test along with a review of the railway servants concerned.

(b) Where railway servants have officiated for a continuous period of two years or more in a higher post, within the normal channels, they shall be exempted in respect of lower posts.

(c) Where Railway Servants have undergone and passed a refresher course successfully within five years of the date on which the increment above the efficiency bar was due, they shall be exempted from the efficiency bar tests.

(d) Where railway servants have been selected in selection posts within the normal channels & are on panel awaiting promotion, they shall be exempted from efficiency bar tests in respect of lower posts. This will apply equally in respect of efficiency bar tests when the next higher posts are non-selection posts.

(ii) (a) Cases of Railway servants for crossing E.B. in a Time Scale pay shall be considered by a Committee of three officers to be nominated by the Head of the department in case of non-gazetted staff and by the General Manager in case of Gazetted staff.
A standing committee of three officers for various categories of staff may be formed for the purpose.

(b) It is not necessary for the Committees to sit in a meeting to consider such cases, but it may consider such cases by circulation of papers. The Committee shall make its recommendations to the authority competent to pass orders declaring the employee fit to cross the bar, on the basis of reports of the immediate superior as well as confidential reports.

(c) When confidential reports are not maintained, the review of the committee referred to in (i) above shall be on the basis of the service record and the report of the immediate superior of the concerned employee. Oral/Written Tests will not be held in these cases. There should be no Trade Test for crossing the efficiency bar by the artisan staff also and they also shall be permitted to cross the E. B. on the basis of reports as laid down above. No test in receiving and sending Morse telegraphy will be held for signallers.

(d) Cases of efficiency bar should betaken up six months in advance of the date on which the increment above the efficiency bar falls due.

(Rly. Bd's No. PC III/76/EB/I dt. 19-1-1978; 11-8-78; 31-5-79; 21-12-81 and 79/FE/1/1 dt. 7-8-79).

(e) The efficiency bar test of Cipher operators will also be governed by above provisions except that besides the two officers of the Railway, one of whom will be the Cipher Custodian Officer and other as nominated by the Head of the Deptt. of railway, Cipher Officer, Railway Board shall be co-opted as the third Member of the Committee of Officers so nominated for clearing the efficiency bar stage by the Cipher Inspectors, instead of the Joint Cipher Bureau, Ministry of Defence, New Delhi.

(E(NG) 1-81-EB-1 dt. 7-4-1981).

(f) Adhoc employees: In case of group 'C & group 'D' employees promoted on adhoc basis to a higher grade, a distinction need not be made between an adhoc promotee and a regular promotee for the purpose of holding an EB test and allowing the employee concerned to cross the EB stage in the particular time scale of the promoted grade, if found fit. Efforts should however be made that a situation in which an employee has to cross the EB stage while still on adhoc promotion, should not normally be allowed to come into being and all adhoc promotions terminated as early as possible. While allowing the staff to cross E.B. stage in such cases, it may also be made clear in orders to be issued in this connection that crossing of efficiency bar stage would not confer any right on the staff concerned to claim automatic empanelment/regularisation in the selection/suitability tests held for filling up the vacancies operated on adhoc basis purely on the basis that they were allowed to cross the E. B. stage in the grade held by them on adhoc basis.

[No. E(NG)1-82-EB-1 dt. 31-5-1983]

631. AUTHORITIES COMPETENT TO HOLD EFFICIENCY BAR TEST (1) For all Group 'D' railway servants, the efficiency bar test shall be conducted by the senior supervisor in charge. For other Group 'C' Rly. servants whose scales of pay do not rise beyond Rs. 600, the Assistant Officer in charge shall conduct the efficiency bar test. For the rest the efficiency bar test shall be conducted by a senior scale officer.

(2) For Group 'B' and Junior Scale Officers:

(i) The Efficiency Bar tests on the Railway for Group 'B' and Junior Scale Officers shall be conducted by Heads of Departments. On such of the Railways where posts of Additional Heads of Departments do not exist in certain Departments, Heads of Departments Level-1 shall continue to be entrusted with the Efficiency Bar tests.

(ii) In all Selection Boards for Group 'B' promotions, the existing practice of nominating Heads of Department including the Chief Personnel Officer to the Departmental Promotion Committee should continue.
632. The term "competent authority" used in this chapter connotes the authority that can create and fill the post substantively.

633. Staff re-employed after retirement may be exempted from efficiency bar test in the following type of cases:

(i) Staff retired from higher grades and re-employed in lower grades

(ii) Staff re-employed in the same grade but who have passed efficiency bar in that grade prior to their retirement.

634. Efficiency Bar Test for Group 'B' Officers of the Accounts Department at the stage of Rs. 1,00/- in the revised scale should consist of:

(a) a review of the officers' work during the past 3 years personally by the Head of the Department concerned; and

(b) an interview by a Board consisting of the Head of the Department and two other Heads of Departments.

In this connection, the changes, brought about vide Board's letter No. E (O)III-75/EF 1 dt. 30-6-1975 may be kept in view.

[Authority : Board's letter No. E(O)III-74/FE 1/5 dt. 13-8-75].

Section IV

Advance Increments to Officers and Staff (Including Apprentices) for Passing Departmental Examination/Acquiring Higher or Additional Professional Qualification

635. Advance increments.

Probationers in Group 'A' Service

(i) Directly recruited probationary officers in revised scale of Rs. 2200-4000 in the Indian Railway Accounts Service, India Railway Service of Engineers, Supervisor Revenue Establishment of Indian Railways [comprising Transportation (Traffic) & Commercial Department, Mechanical Engineering and Transportation (Power) Deptt., Electrical Engg., Signal & Telecom and Stores Deptt. etc.] may be granted advance increments from Rs. 2200-2275 and 2275 to 2350 respectively in the aforesaid scale as soon as they pass each of the examinations shown under A & B below, respectively:

A. (i) The first departmental examination

(ii) The examinations of the Staff College, Baroda scheduled to be passed within the first two years of training if the examination(s) is (are) held before the first departmental examination.

B. (i) The second departmental examination(s) (including viva-voce test where prescribed).

(ii) The examinations of the Staff College, Baroda scheduled to be passed within the first two years of training if the examination(s) is (are) held before the second departmental examination.

(iii) The language examination.

Where only one departmental examination was prescribed for same time after 1st July, 1959, the first departmental examination will mean such (local) examination (s) as the probationary officers may have been required to pass at/by the end of first year of training, the departmental examination
required to be passed at/by the end of the second year of training being deemed to be the second departmental examination.

(ii) After the grant of advance increments as above, the pay of the officer will be regulated according to his position in the time scale and the existing orders governing the regulation of increments on passing the departmental examination and confirmation will apply. For example, no further increments will be admissible to a probationary officer till after his confirmation. Even on confirmation, the next increment raising his pay to Rs. 2350 in the time scale Rs. 2200\(\text{-}4000\) will be admissible only in the 5th year of service.

Action to confirmation should be taken well before the actual date of confirmation to find vacancy. If no permanent post is available Board’s sanction to create a supernumerary post should be obtained to confirm the probationer.

To avoid hardship to the probationer increment raising his pay from Rs. 2350 to Rs. 2425 in scale Rs. 2200\(\text{-}4000\) from due date after they have passed all prescribed departmental examination in time and thus become eligible in all respects for confirmation may be grouped without waiting for actual confirmation increment raising pay to Rs. 2425/- will be admissible on completion of 3 years service.

(No. PC. III. 74/ROP-1/47 dt. 3-6-1980).

636. A. (i) Stenographers in the pay scale of Rs.1200\(\text{-}2040\) may be granted one and two advance increments on their qualifying at 100 or 120 w.p.m. respectively in shorthand both at recruitment stage and while in service.

(ii) Tests at the recruitment stage should be held for the above purpose at the speeds of 80/100/120 words per minute and advance increments granted according to the maximum speed at which they qualify.

(iii) After they enter the service they will have three chances to qualify at the higher speeds for purposes of earning advance increments at 100 w.p.m. or 120 w.p.m. as the case may be.

(iv) The advance increments are not to be absorbed in future increments.

(v) The date of next increment after the grant of advance increment/s will remain the same.

(vi) Hindi Stenographers are also eligible for the above-mentioned increments.

B. The procedure to be followed will be as under :

(i) (a) The examinations may not be held more often than once in 6 months or less often than once a year.

(b) Every Stenographer may be given three chances in all to appear for the examination. Fourth and fifth chance may be granted at the discretion of the General Manager. For 6th chance in deserving cases, Board’s approval should be obtained for which the case with General Manager’s special recommendation should be referred to Board.

(No. PC. 69PS-5/05-23/1 dt. 2-9-69).

In the case of those recruited through Railway Service Commission after 5th June, 1964 the examination conducted at the time of recruitment should count as the first chance. Those stenographers in the lowest grade on the Railways who have passed or may pass the stenographers' examination held by the U.P.S.C. for appointment to posts in scale Rs. 1400\(\text{-}2300\) with 100 words per minute may be given two chances to qualify with 120 w.p.m. (Stenographers) belonging to Scheduled Castes and Scheduled Tribes however, may be given one more chance than the rest).

(ii) Serving stenographers who are officiating in the next higher grade of stenographers will also be eligible for the grant of advance increments in the lower grade and should, therefore, be allowed to appear in the examination for the grant of advance increments prescribed above.
(iii) (a) Stenographers in the lowest grade on the Railways, who have passed or may pass the Stenographers' Examination held by the U.P.S.C. for appointment to posts in scale of Rs. 1400-2300 in the office of the Railway Board or its attached offices may be exempted from the examination prescribed for the grant of advance increments and may be granted two or four advance increments in the scale of Rs. 1200-2040 according as they pass the UPSC examination with 100 words per minute or 120 words per minute, from the month following the month in which the results of the UPSC examination are declared.

The grant of incentive will be limited only to the categories of staff for whom a Degree, or equivalent in Science/Engg. of Cost and Works Accts. in the case of Scientific/Technical staff and membership of the Institute in the case of Accounts staff is not obligatory as a condition of recruitment i.e. to all Scientific/Technical staff for whom the minimum qualification for recruitment is Intermediate or lower or even a Diploma and/or staff of the Accounts Department.

638. Names of Professional Institutions :

(1) For Scientific/Technical Staff:
Note 1. The benefit of 2 advance increments admissible in the form of incentive for acquiring Scientific/Technical and Professional qualifications will also be extended to the Chemists in Railway Laboratories on their passing L.I.M. (London) Examination, notwithstanding the fact that a Degree in Chemistry is obligatory as a condition of recruitment in their case. But if they had degree in Metallurgy at the time of recruitment and then pass LIM (London), this benefit will not be admissible.

[No. E(NG)II-70 IC 2-10 dt. 4-5-71],

2. The benefit of the incentive scheme is also admissible in the case of non-gazetted staff possessing diploma and degrees, e.g. G. D. Arch, N.D. Arch., B. Arch., of the various Universities giving them eligibility for election to the Associate ship of the Indian Institute of Architects, when such qualifications are not obligatory as a condition of recruitment to the post held by them.

A cash award of Rs. 200/- should also be given to those who pass the National Intermediate Examination in Architecture of the All India Council for Technical Education.

3. Serving Railway employees who qualify in any of the prescribed professional qualification(s) may be admitted to the benefits of the grant of advance increments, cash award, irrespective of the condition that the qualifications they acquire is (are) obligatory as a condition of recruitment in the intermediate grade for the category of post held by them at the time of passing the examination. These benefits will be given only to the promotees and not to those direct recruits who are recruited against posts for which the degree/diploma is essential.

(2) For Accounts Staff:

Institute of Cost and Works Accountants, India.

639. AWARDS TO BE GRANTED The following awards on passing the relevant examinations should be given to the railway staff/apprentices :

(i) For passing Part 'A' of Examination-Rs. 200 as Cash award.

(ii) For passing Part 'B' of ExaminationTwo advance increments.

640. GENERAL CONDITIONS FOR THE GRANT OF INCENTIVES :

(a) In respect of the Cost and Works Accountants the reference to Part 'A' and 'B' of the Examination should be considered as reference to the Intermediate and final examination respectively of the Institute of Cost and Works Accountant.

(b) The grant of advance increments would, of course, be limited to the maximum of the scale of pay (prescribed or corresponding authorized whichever applicable to the individual concerned) i.e., if only one more increment is left to be earned to arrive at the maximum of the scale, he can get only one increment although he will be due two increments.

(c) When the qualifying examination is passed during apprenticeship, the cash award may be given
on passing the examination but the advance increments on passing Part 'B' of the examination would be granted only on his assuming charge of a working post in the scale of that post.

(d) The serving employees/apprentices who have passed the prescribed examinations on previous occasion and are thus eligible for the grant of advance increment/cash award should be given this benefit from 28-12-1959. Subsequent to this date the benefit of advance increments will be admissible from the date of passing the examination to those who acquire higher or additional professional qualifications. The intention behind the words "date of passing the examination" is that the benefit of advance increments should be given from the date following the last date of the prescribed examination and not from the date of publication of the results.

(e) The staff concerned will draw their annual increments on the due date i.e., the date on which they would accrue but for the grant of advance increments.

(f) Subject to the position stated in sub-paras (i) and (ii), the benefits of advance increments should also be extended to such persons as may be officiating in ex-cadre or general posts as long as they retain a lien in their parent Department.

(i) The benefit of advance increments/cash awards for passing the Intermediate and Final examinations of the Institute of Cost and Works Accountants should not be extended to staff who, though dealing with initial accounts and budget works, are not actually holding lien in the Accounts Department. (ii) Non-Accounts Staff who are temporarily working in the Accounts Department may also be granted the benefits of Incentive scheme for passing Cost and Works Accountants examination, so long as they continue to work in the Accounts Deptt. Efforts should be made to absorb such staff in the Accounts Department as far as possible, but if the contingency of their transfer to their parent Department does arise eventually, the benefits of two advance increments granted to them in the Accounts Deptt. should be withdrawn. In such cases cash awards, already made, however, need not be recovered.

(g) An employee should be granted advance increments in the grade in which he is working at the time of passing the relevant examination. If this is an officiating grade, he should be granted proforma benefit of advance increments in the lower grade. In the event of reverting to that grade, he should get the proforma pay in the grade. If, on the other hand, an employee is promoted to a higher grade after being granted advance increments in a lower grade, the emoluments drawn by him at the time of promotion should be protected under the normal rules.

(h) The Cash awards given to the employees/apprentices should not be recovered in the event of their resignation, but the fact of their having drawn cash awards should be taken into account when determining the quantum of special contribution to Provident Fund or gratuity in cases where resignation takes place within one year of the drawal of the award.

641. Categories ineligible for grant of incentives and circumstances under which incentives are not payable:

(a) Group 'A' and 'B' Officers are not eligible for the grant of advance increments/cash awards etc.

(b) The benefit of advance increments should not be extended to such staff who have reached the maximum of the scale at the time of passing the examination and are subsequently promoted to a higher grade post.

(c) The benefit of cash award/advance increment is not admissible in the case of persons who pass parts 'A' & 'B' of the prescribed examination prior to their appointment to railway service.

642. Accounts clerks on promotion to post of Junior Accounts Assistants in the Accounts Department:
(a) Accounts clerks promoted as Junior Accounts Assistants on or after 1-5-61 by virtue of either passing Appendix II-A Examination or having been permanently exempted from passing that Examination, will have their pay fixed at the stage that would be arrived at by grant of four advance increments, in the grade of Junior Accounts Assistants after normal fixation.

(b) In the case of Junior Accounts Assistants promoted before 1-5-61, the pay of all such staff whether working in a permanent or officiating capacity, should be refixed on 1-5-61 as in (a) above with reference to the pay to which they would be entitled as Accounts Clerks but for their promotion as Junior Accounts Assistants and they should be allowed either the pay so refixed on 1-5-61 or their existing pay, whichever is more beneficial to them.

643. Clerks, Accounts Assistants and Stock Verifiers in the Accounts Department on passing Appendix III-A Examination—The benefit of additional increments allowed to the Appendix III-A qualified staff should continue to be granted in the lower grades till the staff are confirmed as Section Officer (Accounts)/Inspector of Stores/Station Accounts. In such cases the staff will have their pay fixed under the normal rules with reference to their pay in the lower grade, inclusive of the enhanced increment gained till the date of such promotion. The additional increment will continue to be added proforma to their pay in the lower grade even after their officiating promotion as Section Officer/(Accounts)/Inspector of Stores/Station Accounts and if on the basis of their pay (inclusive of the additional increments) in the lower grade, they become entitled to higher fixation of pay as Section Officer (Accounts)/Inspector of Stores/Station Accounts under Clause (2) of para 2027-R II, such refixation may also be allowed.

Note : The pay of all affected staff where necessary be refixed from 1-4-61 without payment of arrears arising thereof prior to that date.

644. Advance increments of incentive to serangs/Masters and Drivers in the Marine Department for acquiring higher competency certificate—Serangs/Masters and Drivers on their acquiring certificate of competency for working vessels of higher Horse Powers in the scale in which they are working at the time of acquiring the higher competency certificates will be granted three advance increments, provided that the grant of the advance increments does not exceed the maximum of the pay of the post.

Note 1 : The above benefit will be applicable for the competency acquired on or after 8-5-1964. In the case of those who have already acquired the higher competency certificates before this date, but were in holding charge of vessels of requisite, Horse Power, they should also be granted three advance increments subject to the ceiling mentioned in above para with effect from 8-5-1964.

2. The grant of advance increments will not affect the normal date of increment of the beneficiary.

(b) Staff employed in connection with surveys, new lines under construction, restoration of dismantled lines and such other projects as are specifically approved by the Railway Board will be eligible for the allowance wherever employed in connection with these works i.e., whether residing within the project site or area or not.

(c) This allowance will not be admissible in localities where compensatory and/or house rent allowances have been sanctioned to all railway servants by general orders. As an exception to this general principle, however, staff residing in 'C class Towns, most of whom draw relatively very small amounts as house rent allowance, will be permitted to draw compensatory (house rent) allowance, whichever is higher.

(d) The staff employed partially on a survey/construction or other project approved by the Railway Board, for the purpose of drawing this allowance, and partially on other projects for which this allowance is not admissible, will be entitled to draw this allowance so long as they are closely associated with the construction/survey or other project work.

Staff transferred to the project even where such transfers involve promotion, will be eligible for the allowance.

The allowance will be admissible during leave also, subject to the permission of Rule 2211 of Indian Railway Establishment Code Vol. II (old), i.e. the railway servant should certify that while on leave he continues to incur a considerable portion of the expenditure for which the allowance had been sanctioned.

Survey, construction and project staff and gazetted railway servants will draw this allowance for the duration of sanction to the staff in connection with the survey, & construction. In the case of surveys, however, the allowance will be admissible only during the period of field work and not during recess periods.

Note 1 The allowance may be sanctioned by the General Managers but the question whether a particular project/survey/new line construction will qualify for the grant of construction/survey allowance or not should be referred to the Railway Board for decision.

Note 2 Railway servants governed by the ex-Company Railway rules or ex-Indian States Railways Rules when employed on construction/survey/projects will be eligible for construction or survey and consolidated traveling allowance admissible to them under their respective rules. In case there is no provision for compensatory (construction or survey) allowance under their rules, the principles and the scales of allowance laid down in this rule shall apply.

Note 3 The staff of the construction organization, who are otherwise eligible for it, may continue to get the allowance for a maximum period of 12 months after the opening of the lines/project for both goods and passenger traffic, provided that:

(i) When a line/project is opened in sections, the opened section(s) would be treated as a separate line/project for this purpose.

(a) Staff engaged in connection with the opened section(s) only will, therefore be eligible for the allowance up to a
maximum period of 12 months after the opening of the section(s) to goods and passenger traffic.

(b) Staff engaged partly in connection with opened section(s) and partly in connection with the rest of the line/project would be deemed to be engaged in connection with the rest of line/project for so long as they are closely associated with the rest of line/project; such staff will, therefore, be eligible for the allowance up to a maximum period of 12 months after the opening of the rest of the line/project to goods and passenger traffic.

(ii) During the period of 12 months referred to above the allowance will be paid only to those staff otherwise eligible for it who were a part of the construction organisation were in receipt or as the case may be the section(s) thereof for goods and passenger traffic.

[Railway Board’s letter No. E(GR) 56RC2-42 dated 9-10-1956].

708 Project Allowance

I. Conditions

(i) The project allowance is to be given only for large scale projects and not for the construction of individual buildings. It will not be admissible except in such projects which have been declared by special orders by Government as qualifying for the grant of the same. Generally, the allowance will be sanctioned only if the execution of the project involves the establishment of a large construction organization and the construction is spread over a number of years. The allowance is intended primarily to compensate the staff for lack of amenities such as housing, schools, markets and dispensaries etc. Where reasonable amenities already exist, there would be no justification for the grant of the allowance. Government would fix a time limit at the time of sanctioning the project allowance initially, and it would be extended only if conditions warrant the continuance of the same.

(ii) These orders would apply to Central Government employees working in Central Govt. Projects, State Govt. projects and projects managed by autonomous bodies/corporations, wholly or substantially owned or controlled by Government and where entitlement is governed by Central Govt. rules/orders.

(iii) The allowance will not be admissible to staff recruited on ad-hoc scales of pay, such as daily rated or casual labor and paid from contingencies.

(iv) The allowance will be admissible only to such staff as are employed on the project and reside within the project area or in a nearby locality. The allowance may also be granted to such Central Government staff of other Departments as have their offices located in the project area for the work of the project, provided they reside within the project area or in a nearby locality. As an exception, the allowance may also be granted to an employee residing outside the project area, subject to the following conditions:

(a) He should be residing outside the project area due to the non availability of the residential accommodation in the area and not because such an arrangement is more convenient to him, and

(b) No facility of free or subsidised transport is available to such an employee for journeys to and from the project.

Note: The term 'project area' will be the area defined as such by Government in respect of each project for which the project allowance is sanctioned.

2. Central Government staff of other departments, whose offices have been located in the project area not specifically for the work of the project authorities may be allowed project allowance at 50% of the rates admissible from time to time to employees directly connected with the work of the project, subject to the other conditions laid down.

(v) The continuance of the allowance would not be justified for the staff of the project when reasonable amenities have been provided in the project area. Hence, the allowance sanctioned originally for such staff shall be reduced in stages after a review of the amenities provided, until it is withdrawn finally. As an exception, in the case of temporary construction staff who have not been absorbed in the project on a regular basis, the allowance may be continued on a reduced scale until such staff are finally discharged so long as constructions of any magnitude goes on. This concession will, however, be allowed only for a reasonable limited period.

(vi) The allowance will not be admissible during the periods of transfer out of the project area exceeding two months or during leave for a period exceeding two months, provided that the allowance may be paid for another period not exceeding two months, if the extended period of leave is on medical certificate.

During the period of suspension, the allowance will be regulated in the same manner and subject to production of a certificate, as prescribed for city compensatory allowance in the Ministry of Finance O. M. No. 2(37)-E.II(B)/64 dated 27-11-65 as amended from time to time and will be admissible only so long as the headquarters of the Government servant under
suspension continues to be located in the project area.

During the period of joining time, the allowance will be regulated in the same manner as City Compensatory allowance.

(vii) In regard to State projects and projects managed by autonomous bodies/corporations, the Central Government employees will be eligible, subject to the conditions mentioned in these orders for the grant of project allowance from the date they join their duties at the project site, if the employees of the State Government/autonomous body/corporation concerned are already getting it.

(viii) If the project is located at a place where compensatory city allowance and/or house rent allowance or any other special compensatory allowance are admissible, no project allowance will be admissible. Where, however, the project is situated in the proximity of such a place, a project allowance may be sanctioned if justified, but the ceiling for the project allowance for such cases would be limited to 50% of the ceiling mentioned below. In such a case, the individuals will have an option to draw either the project allowance or CCA/HRA, as may be admissible. In cases where rent free accommodation or HRA in lieu is given to an employee, as a condition of service or a project concession, the project allowance will be reduced by 25%.

II. Rate of Allowance

(i) The project allowance shall be subject to the following ceilings:

(ii) For the purpose of calculating the project allowance pay shall be as defined in Rule 103(35)RI.

III. Procedure for sanctioning the Project Allowance

All cases in which it is proposed to sanction project allowance shall be referred to the Ministry of Finance (Establishment Division) through respective associate Finance Branch in the proforma mentioned below, subject to the fulfillment of the conditions enumerated above and after such consultation with other Departments as may be considered necessary, sanction for grant of project allowance will be issued in all cases by the Ministry of Finance.

CHAPTER X

ARREARS CLAIMS AND RECOVERIES OF OVERPAYMENTS

1001. **Arrear claims of Railway servants**

**General.** All petty arrears claims other than those which affect railway servant's pension gratuity or special contribution to Provident Fund, all claims for whose delayed submission an adequate explanation is not forthcoming and all claims preferred after the expiry of the period prescribed for the preservation of records for their verification, should be rejected.

1002. To enable the competent authority to decide whether investigation and payment of arrear claims may be sanctioned in individual cases, it is necessary to indicate in each case the total amount of arrear claim together with the salary of the railway servant concerned to assess whether the claim is to be treated as petty or not. Reasons for the delay in Submission of the claims should be furnished to enable the sanctioning authority to decide whether these reasons are satisfactory.

1003. There is no yardstick as to what should be regarded as a petty claim, but as a general rule, if a claim amounts to less than Rs. 10 and relates to a period earlier than one year from the date it is submitted to the proper authority, or comes to notice, it should be regarded as petty and not action should ordinarily be taken regarding the payment of the arrears. From the date the discrepancy has been brought to notice, or has come to light, the correct amounts should, however, be drawn where due.

1004. Paragraph 1021 of the Indian Railway Administration and Finance authorities the General Manager or any other authority to whom the power may be delegated by the President to sanction an investigation of arrear claims of persons appointed by him in the following cases, i.e.

(i) when the claim is not over three years old from the date it becomes due, irrespective of the amount involved, and

(Railway Board Letter No:- E(G)AL1-31 dated 19-1-1993)

(ii) when the claim is over three years old reckoned as above, but the amount of the claim pertaining to the period beyond three years does not exceed Rs. 10,000/-

(Railway Board Letter No:- E(G)2009 AL 1/16 dated 06.01.2010) --acs no.213 (RBE NO.03/2010)

1005. In cases where the amount of the claim for the period beyond three years exceeds Rs. 10,000/- investigation of the portion within the three years' limit may be sanctioned by the General Manager and the question of sanction of the balance only, i.e. portion beyond three years should be referred to the Railway Board for orders.

(Railway Board Letter No:- E(G)2009 AL 1/16 dated 06.01.2010) --acs no.213 (RBE NO.03/2010)

1006. Subject to the conditions stated in paragraph 1004 above and to any further conditions which he may consider necessary, the General Manager may delegate his powers to authorities subordinate to him in respect of claims which are not more than three years old.

1007. The orders continued in this section do not apply to cases of

(i) gratuity/special contribution to provident fund, and

(ii) claims for the payment of amounts placed under the head "Deposit Unpaid Wages".

1008. The powers to sanction the investigation and payment of arrear claims vested in the General Manager or in the lower authorities to whom powers may have been delegated should be exercised in consult with the Finance Officer concerned.

1009. Claims of railway servants, whether gazetted or not, to arrears of pay and allowances or to increments which have been allowed to remain in abeyance for a period exceeding one year, cannot be investigated by the
Accounts Officer on his own authority.

1010. In rejecting arrear claim of petty amounts in the case of railway servants governed by the Payment of Wages Act, the provisions of section 15(2) of the Act reproduced below should be kept in view:

"15(2). Where contrary to the provisions of this Act, any deduction has been made from the wages of an employed person, or any payment of wages has been delayed, such person himself or any legal practitioner or any official of a Registered Trade Union authorized in writing to act of his behalf, or any Inspector under this Act, or any other person acting with the permission of the authority appointed under sub-section (1), may apply to such authority for direction under sub-section (3);

Provided that every such application shall be presented within six months from the date of which the deduction from the wages was made, or from the date on which the payment of wages was due to be made, as the case may be;

Provided further that any application may be admitted after the said period of six months when the applicant satisfies the authority that he had sufficient cause for not making an application within such period.

1011. Claims regarding re-fixation of pay with retrospective effect. Unless specially stated otherwise, all orders refixing the pay of a railway servant take effect from the date of issue. No arrears of pay in such cases are generally permissible.

1012. Claims regarding travelling allowance. Where a railway servant is promoted or reverted or is granted an increased rate of pay with retrospective effect, no revision of claims for travelling allowance already settled is permissible in respect of the period intervening between the date of promotion or grant of increased rate of pay and that on which it is notified, unless it is clear that there has been an actual change of duties.

Note: In the case of late authorisation/drawal of increments with retrospective effect, other than those where increments were withheld or where the increments take an officer above the stage of efficiency bar, there is no objection to the supplementary claims relating to Traveling Allowance, if any being admitted, on the basis of the enhanced pay including the increments.

1013. RECOVERIES OF OVERPAYMENTS

All personal claims will normally be checked finally within one year of the date of payment, and if within this period an amount is discovered to have been paid erroneously through an oversight in the Accounts Officer and not due to wrong interpretation of a rule or order it will ordinarily be recovered. When the amount so deducted can, without hardship to the party concerned, be recovered from a current bill, the recovery will be made by the Accounts Officer from such bill. If, however, the amount discovered to have been erroneously paid cannot be met from the amount payable in the current bill or is so large as compared with the person's pay that its recovery is, in the opinion of the Financial Adviser and Chief Accounts Officer, likely to cause hardship to the railway servant concerned, the amount will be held under objection and the drawing officer requested to take steps to recover the amount from the next bill or to obtain the sanction of the Head of the Department, Deputy Head of the Department, Divisional Railway Manager, Deputy Chief Mechanical Engineer or Works Manager in independent charge of workshops, as the case may be, to the recovery being made in a suitable number of installments.

Note: Overpayment made to an employee on account of excess leave granted due to irregular postings in the leave accounts should be recovered from him/her in cash or excess leave allowed in the past, set off with the consent of the employee against future credits of leave earned by him/her. The amounts excess paid to the staff in such circumstances should not be written off in any case.

1014. An erroneous payment may be either due to a wrong interpretation of financial rules or to oversight. The following procedure should be observed in regard to either:

(a) when a wrong interpretation of a financial rule has been followed in an Accounts Office, the new interpretation should be given effect to from the date which the competent authority may decide when giving the correct interpretation. If no date is specifically fixed, the correct interpretation should be given effect to from the date it is stated by the competent authority; and
when erroneous payments have been passed through oversight in the Accounts Office, payments made less than twelve months ago should be recovered and orders of competent authority obtained with regard to previous overpayments.

1015. Every Railway Officer should attend promptly to any objection communicated to him by the Accounts Officer and all objections relating to personal claims revised by the Accounts Officer or by the Audit Department, whether accepted or not, should immediately be communicated to the parties concerned so that the question of write-off of the amounts on the ground that they are more than a year old, may not arise in case it is eventually decided that the objections are correct and the amounts disallowed are to be recovered.

1016. Recovery of overpayments made to railway servants by drawing and disbursing officers may be waived only after the strictest possible scrutiny and only if there is fullest justification for such waiver, which should be placed on record. Normally, no recoverable overpayment should be waited. But waiver may be justified if overpayment has occurred over long periods and the amount involved is very large compared, and, where it would require many years to recover the amount, it may be held that by Gripping the resources of a comparatively lowpaid individual over a large number of years, his efficiency would considerably suffer and thereby the indirect loss to the Railway by the loss of his efficiency might be more than the loss to the Railway caused by writing off the recovery of the overpayment. The nature of the irregularity will also be an important consideration. The element of discretion, therefore, should be judiciously exercised and waiver should not be accorded merely on the ground that over payments were drawn in good faith and are over one year old.

1017. Recovery should not ordinarily be waived in cases where:

(i) the recovery relates to a gazetted railway servant, or

(ii) where the amount involved does not exceed two months pay of the railway servant concerned.

The Railway Board have full powers to sanction the write-off of amounts overdrawn by railway servants or otherwise due from them. The General Managers may exercise the powers of the Railway Board under this paragraph in respect of non-gazetted railway servants. In the case of gazetted railway servants, the General Manager may waive recovery of amounts overdrawn by them or otherwise due from them if the erroneous payment or the amount due is discovered by Accounts or Audit more than one year after the date on which it was made or on which it was due. The General Manager may redelegate his powers under this paragraph to any authority subordinate to him subject to such conditions as he may deem fit to prescribe.

Note: In cases where an amount due from a person has to be written off on the ground than he/she is no longer in railway service and no recovery is, therefore, possible the orders sanctioning write off should invariably contain a clause that any sums which are subsequently found due to the person concerned will be adjusted against the amounts written off.

1018. The powers to waive recoveries of overpayment may be exercised whether the transactions are pre-checked or post-checked or whether the irregularity has come to notice in the course of internal check or has been brought to notice by Audit.

1019. When any overpayments are made to railway servants, these are generally recovered in instalment with a view to mitigating hardship to them. In the case of railway servants due to retire on account of superannuation, the recoveries of overpayments should be spread in such a manner that the recoupment in full is made within the period available. In cases where railway servant retire on account of permanent in capacity due to bodily or mental infirmity, the outstanding amount should be made good by them before retirement and the balance, if any, should be recovered from the settlement dues at the time of payment.

1020. **PAYMENT OF SETTLEMENT DUES FROM STATION EARNINGS**

Sub-Section (2) of Section 5 of the Payment of Wages Act requires that where the employment of any person is terminated by or on behalf of the employer the wages earned by him shall be paid before the expiry of the second working day from the day on which his employment is terminated. This provision covers both permanent and temporary railway servants including substitutes.

1021. **In accordance with paragraph** 405(ii) of the book Indian Railway Administration and Finance, the Financial Adviser and Chief Accounts Officer, with the prior approval of the Ministry of Railways (Railway Board)
is empowered to employ a system in which cash receipt at stations may be utilised to a limited extent for the payment of expenditure of the railway (e.g. payment of claims for compensation for goods lost or damaged, disbursement of pay and traveling allowances with a view to accelerate payment of such charges, payment of wages in certain specified cases under the Payment of Wages Act).

1022. The following procedure is laid down to expedite the payment of wages to discharged labour, purely for guidance. Details of procedure suited to the requirements of each railway may be worked out in consultation with the Financial Adviser and Chief Accounts Officers.

1023. Withdrawal from station earnings should be permitted only in the case of payments to substitutes and temporary railway servants who are discharged during the wage period and are required to be paid within two working days of their discharge under the Payment of Wages Act.

1024. If such railway servants happen to work at the Divisional/Workshop/Railway Headquarters where the Accounts Office concerned is situated, or where it is possible to arrange payment in time, payment should be made in the usual manner, i.e. only after recheck by the Accounts Office concerned and through the Pay Master.

1025. The settlement pay-sheets should be prepared in triplicate in the standard form and should invariably contain a reference to the sanction on the authority of which the staff in question was employed, the period of currency of the sanction and the rate of pay allowed in each case. In case no sanction is available, the bill-preparing authority must quote reference to the substitute statement submitted by it to the Divisional Officer or the Divisional Headquarters authority for its formal approval and also attach a copy thereof with the settlement pay-sheet.

The bill should also indicate the date up to which and the reference to salary bill or muster-sheet through which the wages were drawn during the month and the head of account to which the amount is to be allocated. The bill will then be endorsed as follows:

To
Station Master______________

1026. The senior supervisor under whom the staff are working at the time of discharge will have the amount paid in his presence at the station after taking the signature or thumb impressions of the payees on the pay-sheets. No payment should be made at any point or points away from the station premises. After the payment has been made, the senior supervisor concerned will record the following certificate on the salary bill or muster sheet:

"No._______________________ paid in my presence

The Station Master will also endorse a certificate as under:

1027. When the Station Master himself is to make payment to discharged temporary substitutes of casual labor appointed by him, he shall withdraw the money required from the Chief Booking Clerk/Goods Clerk and proceed in the manner indicated in paragraphs above. In this case the payment should always be witnessed by the senior most supervisor of another Branch of the railway present at the station. A certificate of payment should then be recorded at the food of each of the three copies of the pay-sheet.

1028. The Station Master or the Chief Booking Clerk or Goods Clerk should, after the close of the payment and the recording of the certificate of payment, take possession of the original paid voucher or sheet and send the sheet or sheets as a cash voucher for the net amount actually paid along with the collected cash for the day, to the Cashier concerned.

The other copies of the pay sheet will be handed over to the official witnessing payments, who will keep the office copy with him and forward the third copy immediately to the Divisional Officer concerned.

1029. In all cases where it is proposed to make payment from station earnings at a station, the senior supervisor concerned will send a telegraphic advice in advance to his immediate gazetted officer as also to the Accounts Officer concerned and they will, as far as possible, arrange for the payment being witnessed by responsible assistance working under them. Wherever such an assistant is deputed, he should also sign on the pay-sheet giving his designation along with the senior supervisor or the Station Master as prescribed above.

1030. After the payment from station earnings has been arranged, the senior supervisor should immediately take down an extract of all unpaid items, if any, from the muster-sheet or salary bill. He will subsequently prepare a supplementary muster-sheet or salary bill in respect of the unpaid items and submit the same to the Divisional Headquarters through the usual channel for pre-check by the Accounts Office and arranging payment. The following certificate shall be recorded by the senior supervisor on the supplementary muster-sheet or salary bill--

"Certified that the staff in whose favor salary/wages have been charged herein could not be paid when their payment was in the first instance, arranged, Vide No.---------------- dated ------- from station earning on....................... -------------------at station.

Rule 200 of GFR

(14) The interest on advance mentioned in clause (5) of Rule 1104(A) above will be calculated by applying the following formula:

(i) When principal is repaid in equal installments from month to month:

\[ \text{Interest} = N \left( \frac{N + 1}{2} \times X \times \frac{Y}{100} \right) \]

Where \( N \) number of installment of repayment.

\( X \) amount of each installment of repayment

\( r \) rate of interest.

(ii) When a portion of the principal is paid in equal monthly installments and the balance is paid in lump sum:

\[ \text{Interest} = n \left( \frac{a+1}{2} \times r \times \frac{l}{100 \times 12} \right) \]

Where \( n \) number of installments of repayment including last installment of lump sum payment, \( a \) amount of principal.

\( l \) last balance for which interest is due

\( r \) rate of interest.
(iii) Repayment is not regular: the balance as outstanding or the last date of each month should be added up. Then interest total interest bearing balance into
\[
\frac{l \times 1 \times y}{12 \times 100}
\]
where \( r \) rate of interest. Last balance.

Note: The Railway employee, who, having applied for the advance for the purchase of a conveyance as admissible under the rules could not be sanctioned such advance due to non-availability of funds or in whose case due to anticipated delay in sanctioning the advance, there is an obvious need for raising temporary loan to purchase the conveyance, should obtain prior permission from the prescribed authority under the relevant Conduct Rules applicable to him for raising a temporary loan to meet the expenditure on the purchase of conveyance and if this authority is different from the advance sanctioning authority, he should keep the advance sanctioning authority informed of the permission obtaining under the Conduct Rules (No. F(E) SpI/87 Adv|2|l dt. 26-3-1987).

\textbf{(13) Procedure for Dealing with Applications}

(a) Applications should be submitted by the railway servants to the Head of Department in prescribed Form through proper channel. The following documents should accompany the applications:

(i) a declaration in regard to house property, if any, owned by the applicant or the applicant's wife/husband/minor children at the time of applying.

(ii) If the advance is required for enlarging living accommodation in an existing house, an attested copy of the sale-deed as well as of other documents, if any, establishing that the applicant possesses indisputable title to the property in question. A site plan should also be furnished.

(iii) In cases where applicants happen to be in possession of land and desire to build a new house on it, a copy of the sale-deed or other proof of the applicant having a clear title to land on which the house is proposed to be built, along, with a site plan. If the land happens to be lease-hold, an attested copy of the lease-deed should also be enclosed.

(iv) In cases, where the applicant desires to purchase land, an attested copy of a letter from the seller of the
plot to the effect that subject to the settlement and payment of the price, he is in a position to hand over the vacant possession of a clearly demarcated developed plot of land to the applicant within a period of two months from the date of his letter may be forwarded.

(v) In cases where the applicant desires to purchase a flat, an attested copy of a letter from the seller of the flat to the effect that subject to settlement and payment of the price, he is in a position to hand over the vacant possession of a clearly distinguishable flat to the applicant within a period of two months from the date of his letter, may be forwarded.

(b) The Heads of Departments will scrutinize the application and satisfy themselves of the correctness of the facts, etc. stated therein. They will also examine the title deeds, etc. furnished in compliance with clauses (ii) and (iii) above (in consultation with their Law Officers and the Revenue and Registration authorities, if necessary) to make sure that the applicant does, in fact, possess a clear title to the property in question. In cases where it is considered necessary to consult the Ministry of Law also in the matter, before referring such cases to the Ministry of Law, the Head of Departments should call upon the railway servants concerned to obtain certificates from the Government Pleader and failing that certificates from the Revenue Officer of the place where the property is located certifying after investigation from the records of the Sub-Registrar, Revenue authorities and the Court and from the information gathered from the railway servant and others, that the property in the hands of the railway servant is absolute and not joint family property and is free from encumbrances and attachments and that the holder has a clear and marketable title to the property. The certificate may be in the following form:

"It is certified after investigation from the records of the Sub-Registrar............and the relevant revenue and court records and from the information gathered from the sworn declaration made by .............. and ................. that the plot No ...........measuring.............. sq. yds. at ......within the limits of............is the absolute property of Shri............s/o Shri......and not joint family property. The said property is free from encumbrances and attachments and Shri............... has a clear and marketable title to the property."

Note: The expenditure incurred by the Railway servants for obtaining certificates from the Government Pleaders or the Revenue Authorities in connection with the verification of the title to the property should be borne by the Railway servant applying for the grant of a house building advance, as it is for him to satisfy his Head of the Department that he possesses a clear title to the plot of land, etc.

(c) The Head of Dept. will examine the applications, with reference to the priorities etc., if any laid down for dealing with them. Subject to funds being available, the applications will be returned to the Heads of Departments concerned indicating:

(i) the amount of advance that may be sanctioned by the Head of Departments where it happens to be required partly for purchasing a plot of land for constructing a house [see also sub-paragraphs (d) (ii) and (e) below], or for purchasing a ready built house;

(ii) the monetary limit up to which the grant of an advance could be considered in due course, in other cases (viz., for constructing a new house or for increasing living accommodation in an existing house).

(d) On the approval of the Government:

The Head of the Department shall also arrange to complete the prescribed formalities such as execution of the Agreement, Mortgage, Deed, Surety, Bond, etc. in the prescribed forms (in consultation with appropriate legal authorities, where necessary) and then authorize disbursement of an appropriate amount out of the sanctioned advance to the applicant. Where land or a ready built house is intended to be purchased with the help of the advance, the Head of Department may, before authorizing payment of the advance, also require the railway servant concerned to certify that negotiations for the purchase have reached concluding stages, that the purchase price is not likely to be less than the amount of advance sanctioned, and that he has satisfied himself that the transaction will enable him to acquire indisputable title to the land/house in question. In such cases, the sale deeds, etc. should be examined by the Head of Department carefully (in consultation with legal and other authorities where necessary) to ensure that the railway servant concerned has actually acquired indisputable title to the property in question. It should also be verified that the market value of the land/house purchased is not
less than the advance sanctioned.

(ii) The Heads of Department shall instruct applicants desirous of constructing a new house or enlarging living accommodation in an existing house, to furnish two copies of plans, as well as specification and estimate in prescribed forms. The plans must be got duly approved by the Municipality or other local body concerned before submitting them to Head of the Department.

(e) The Head of Department shall also attend to all formalities as explained in sub-paragraph (d) (i) above, and then authorize disbursement of the first installment of advance for construction purposes to the applicant. The payment of the remaining installments of advance may be authorized by the Head of departments direct on the basis of certificate to be furnished by the applicants as prescribed in subparagraph (8) (a) and such inspections at may be deemed necessary. It should also be verified, before disbursing the last installment of the advance, that development of the site has been completed.

Immediately on purchase of the house or immediately after vesting of the title in favor of the railway servant on erection of the house, the mortgage deed in the prescribed form shall be executed and registered in the office of the Registrar of Assurances. The registered deed, together with the original document of title to the land/house, shall be deposited with the Head of the Department within three months of the drawal of the advance in cases of purchase of ready-built house and in other cases where the terms of sale do not vest the title in the railway servant till a house is erected on the land, within three months of the date of vesting of title in favor of the railway servant and the time required for the registration of the mortgage deed

(v) In all the aforesaid cases, the railway servant establishes his marketable title to the property in accordance with procedure prescribed by the Government before execution of the mortgage deeds. In cases where the terms of sale do not vest the title to the land in favor of the railway servant till a house is erected on the land, it shall be ensured, before execution of the agreement in the prescribed form that the railway servants will be in a position to acquire a clear and marketable title free from all encumbrances and attachments on erection of the house.

The Heads of Deptt. shall furnish to the Audit Officer/Accounts Officer, as the case may be, a certificate that the borrower has insured the house for an amount not less than the amount of advance taken for the purpose and the Insurance Company has been notified about the interest of Govt. in the Policy. In dealing with the cases involving condonation of irregularity of non-insurance for a period up to two years, the Heads of Department shall satisfy themselves that the irregularity was not deliberate on the part of the Govt. servant concerned and was due to circumstances beyond his/her control.

(i) Since on the date of absorption of a railway servant in an autonomous body, the Government will discharge its pensionary liability etc. by paying in one lump sum, the amount of outstanding amount of House Building advance along with interest shall be deducted out of the total amount payable by the Government to the concerned railway servant who is being absorbed in the autonomous body.

(ii) Thereafter, if any balance is outstanding against the employee, it will be recovered in installments by the autonomous body for which an undertaking will be given by the concerned organization/ body saying that it will ensure the recovery of balance of the advance including interest thereon in monthly installments from the employee and remit it to the Accounts Officer concerned on the Railway who may watch its recoveries.

(17) In case of failure to repay the advances:

If the railway servant fails to repay the balance of advance on or before the date of retirement, Government shall enforce recovery from the death-cum-retirement gratuity and by sale of the house or in any other manner as considered necessary.

CHAPTER XII

CHANGE IN NAME

1201. A railway servant wishing to adopt a new name or to effect any modification in his existing name should be asked to adopt the change formally by a deed changing his name. In order that the execution of the document may not be in doubt, it is desirable that it should be attested by two witnesses preferably those known to the Head of the Office in which the railway servant is serving. The execution of the deed in Form No. 75 of Appendix 9 should be followed by publication of the change in a prominent local newspaper as well as the Gazette of India, publication being undertaken by the railway servant at his own expense in both cases. For the publication of the advertisement in the Gazette of India, the railway servant should be directed to approach the Manager of Publications, Government of India, Publication Branch, Civil Lines, Delhi. In the cases in which Railway servants get the change of their names notified in the State Government Gazette, the publication in the Government of India Gazette need not be insisted upon.

1202. It is only after the formalities described in the foregoing paragraph have been complied with and satisfactory evidence of identity and execution of the documents adduced by the railway servant that the adoption of the new name or change in the existing name should be recognized officially, entries in Government records so far as may be necessary being amended accordingly. True copies of the relevant documents should be retained and placed on the personal file of the railway servant concerned.

1203. In the case of change in names of women railway servants consequent on their marriage, formalities indicated in paragraphs 1201 & 1202 above need not be observed, provided that the Head of the Office or Department concerned is satisfied that the change sought to be effected is, in reality in pursuance of the marriage and that the new name is after the name of the husband. The change of name in such cases should, however, be notified to all officials concerned.

1204. As regards change in names consequent on a departmental clerical error, the procedural instructions indicated in paragraphs above need not be followed and necessary corrections should be effected in the official records. The correct name should be notified to all concerned in this case also.

1205. In the case of change of name of the father of a railway servant, it is not binding on the part of the railway servant concerned to follow the change. But if he does so, the prescribed formalities laid down in paragraphs above should be followed.
Absorption of disabled/medically decategorised staff in Alternative Employment

1301. A Railway servant who fails in a vision test or otherwise by virtue of disability acquired during service becomes physically incapable of performing the duties of the post which he occupies should not be dispensed with or reduced in rank, but should be shifted to some other post with the same pay scale and service benefits.

1302. Classification of Railway Servants declared medically unfit - Railway servants acquiring disability during service and declared medically unfit are divisible into two groups:

   i. Those completely disabled for further service in any post in the Railway, i.e. those who cannot be declared fit even in the 'C' medical category; and

   ii. Those disabled/incapacitated for further service in the post they are holding but declared fit in a lower medical category and eligible for retention in service in posts corresponding to this lower medical category.

1303. The railway servants both in group(i) and group(ii) of Para 1302 cease to perform the duties of the posts they are holding from the date they are declared medically unfit for the present post. No officer has the authority to permit the Railway Servant concerned to perform the duties in the post beyond that date. If such a Railway Servant cannot be immediately adjusted against or absorbed in any suitable alternative post he may be kept on a special supernumerary post in the grade in which the employee concerned was working on regular basis before being declared medically unfit pending location of suitable alternative employment for him with the same pay scale and service benefits, efforts to locate suitable alternative employment starting immediately. The special supernumerary post so created will stand abolished as soon as the alternative employment is located.

1304. Disabled Medically decategorised staff to be absorbed in posts they can adequately fill:

   - In the matter of absorption of disabled/medically decategorised staff in alternative posts, Railway administrations should take care to ensure that the alternative employment offered is only in posts which the staff can adequately fill and as far as possible should broadly be in allied categories where their background and experience in earlier posts could be utilised. While finding alternative posts for absorption of disabled/medically decategorised staff, the Railway Administration should ensure that the interests of other staff in service are not adversely affected and no reversion of any officiating Railway servant is made to absorb the disabled/medically decategorised staff. For this purpose, attempts should be made to absorb the disabled/medically decategorised Railway servant not only within the Unit/Division or Department, but in other Unit/Division or Department.

1305. Absorption in posts identified for employment of physically handicapped persons/creation of supernumerary posts. The Railway servants falling in group (i) mentioned in para 1302 i.e. those who are declared unfit even for the lowest medically category, may be absorbed in a post/category identified as suitable for employment of physically handicapped persons and fresh recruitment to that post/category from open market from amongst physically handicapped withheld. In case the alternative post is not carrying the requisite pay scale, a supernumerary post may be created in appropriate scale of pay and the employee adjusted against the same keeping the lower grade post vacant by withholding fresh recruitment thereto. The supernumerary post so created to accommodate a disabled/medically incapacitated employee shall stand abolished as soon as a suitable post in the appropriate scale is found for the Railway servant concerned or the post is vacated by him for other reasons, whichever is earlier.

1306. Steps to be taken for finding alternative employment :-

With a view to determine the categories in which the disabled/medically decategorised Railway servant is suitable for absorption, a committee should examine him. The committee may consist of two or three officers posted at the headquarters of the officer under whom the disabled/medically decategorised Railway servant was working, the Railway servant's immediate officer being one of the members of the committee. After the committee has examined the Railway servant and determined his suitability for certain categories of posts, the officer under whom the Railway servant was working will proceed to take further action to find suitable alternative employment for him.

The officer concerned will prepare a list of vacancies within his jurisdiction in the categories for which the disabled/medically incapacitated Railway servant has been found suitable and a post with same scale of pay as was attached to the post he was holding on regular basis before being declared medically unfit, will be offered to him.

It will be the responsibility primarily of the officer under whom the concerned Railway servant was directly working to find suitable alternative employment for him. This will be done first by trying to find alternative employment in the officer's own unit/division, office, workshop etc. and a register with the details as mentioned in sub-para (6) below will be maintained for this purpose.

If there is no immediate prospect of employment in his own unit/division, office, etc., the name of the Railway servant with particulars as given in sub-para (6) below will be circulated to all other offices or establishments where suitable employment is likely to be found.

Nothing in the previous paragraphs, however, debars a Railway servant from applying for a particular post for which he is likely to be deemed suitable and it is known to be vacant under any officer. Such an application must be addressed through the immediate officer of the Railway servant concerned and must contain full particulars of his service and must be forwarded to the officer to whom addressed or to the authority competent to make the appointment. The result of the application must be intimated to the Railway servant.

A register containing the names of all Railway servants declared medically unfit and to be absorbed in alternative post will be maintained by Headquarters, Divisional and other extra-Divisional offices. These registers will contain not only the names of the staff of the particular division, etc., but also the names notified to the unit Officer concerned by other unit/offices. This will not, however, absolve officers under whom the Railway servant was last working from continuing their efforts to find suitable employment for the disabled/medically decategorised employee. The particulars required to be maintained in registers and notified to other officers in accordance with the instructions above are as follows:

i. Serial number.

ii. Date on which incapacitated.

iii. Name and Father's name.

iv. Post last held on regular basis with scale of Pay and rate of pay.

v. Educational qualifications. If no educational qualifications, then general remarks regarding knowledge of English, regional language etc.

vi. Medical category in which placed.

vii. Details of special supernumerary post till absorption in alternative appointment (Para 1303).
viii. Date from which absorbed in alternative appointment.

x. Scale of Pay of the alternative post and the pay fixed at.

xi. Details of supernumerary posts, if any after absorption in Alternative appointment (Para 1305).

xii. Remarks.

7. If and when a Railway servant is absorbed in an alternative post, intimation will be sent by the officer under whom he was previously working to all other officers to whom his name was notified. On receipt of such intimation, his name will be deleted from the registers.

8. Before any post is filled or a promotion is ordered, officers concerned will refer to their registers and satisfy themselves that no disabled medically incapacitated Railway servant who is suitable for the post is available. If any such disabled/medically incapacitated employee is available, he will be given preference over all other categories of staff for appointment.

1307. Element of Running Allowance to be reckoned while finding alternative post to disabled medically decategorised running staff: - In order to determine the same scale of pay for the purpose of absorbing a disabled/medically decategorised running staff in the alternative employment, an amount equal to such percentage of pay in lieu of running allowance as may be in force may be added to the minimum and maximum of the scale of Pay of the running staff. If the scale of Pay so arrived at is not identical with the scale of Pay already existing, the same may be replaced by the equivalent existing scale of pay.

1308. Fixation of Pay: The pay of the disabled/medically decategorised Railway servants will be fixed on absorption in an alternative post at a stage corresponding to the pay previously drawn in the post held by them on regular basis before acquiring disability/medically decategorisation. For running staff, the fixation will be based on the basic pay plus a percentage of their basic pay, representing the pay element of running allowance as may be in force. If the basic pay so arrived at does not correspond to any stage in the absorbing grade the pay may be fixed at the stage just below and the difference allowed as Personal Pay to be absorbed in future increase in pay. Similarly if the Pay so arrived at exceeds the maximum of the absorbing grade, the pay may be fixed at the minimum and the difference may be allowed as personal pay to be absorbed in future increments/increases in pay. Other allowances such as Dearness Allowance, City Compensatory Allowance and House Rent Allowance should be allowed on pay plus personal pay, if any, in the absorbing grade.

1309. Benefit of past service to be allowed: A disabled/medically decategorised Railway servant absorbed in alternative post, will for all purposes, have his past service treated as continuous with that in the alternative post.

1310. Fixation of seniority of disabled/medically decategorised staff absorbed in alternative employment: The disabled/medically decategorised staff absorbed in alternative posts should be allowed seniority in the grade of absorption with reference to the length of service rendered on non-fortuitous basis in the equivalent or corresponding grade before being declared medically unfit. This is subject to the proviso that if a disabled/medically decategorised employee happens to be absorbed in the cadre from which he was originally promoted, he will not be placed above his erstwhile seniors in the grade of absorption.

1311. Other types of cases:-

(1)The staff who get their cases recommended for a change of category on medical grounds will not get the benefit of these rules, but will be treated as staff transferred on their own
request.

(2) The staff declared as malingerer in terms of Note (ii) below para 512(2) of Indian Railway Medical Manual will also not be covered by these rules. They will continue to be governed by the provisions in the IRMM ibid.

CHAPTER XIV

FORWARDING OF APPLICATIONS FROM SERVING RAILWAY EMPLOYEES FOR POSTS OUTSIDE RAILWAYS

1401. Railway employees may be given 4 opportunities in a year to apply in response to notices of Government Departments/Public Sector Undertakings/autonomous bodies wholly or substantially financed and controlled by Central or State Government except where holding of any such applications is considered justified in the public interest by the competent authority. Applications in response to UPSC advertisement will not be counted against the four opportunities mentioned above.

Note: The authorities should interpret the term 'public interest' strictly subject to the condition that forwarding of application should be the rule rather than the exception. In taking the decision to withhold the application the competent authority has to balance the interest of the state against the necessity of causing hardship to the individual. This discretion should be applied with utmost objectivity and not mechanically. While it is not feasible to lay down the specific exhaustive guidelines for withholding of applications, some of them can be listed illustratively as follows:

(i) The Railway employee is engaged on important time-bound projects and the work would be seriously dislocated if he is relieved.

(ii) A railway employee is under suspension or is facing departmental proceedings/prosecution in a Court.

(iii) A railway employee is applying for a post which is equivalent in status and rank.

[E(NG)/78/AP/1 dated 27-2-1979]

1402. Authorities competent to forward applications. Applications of staff and officers below Junior Administrative Grade may be forwarded by the General Manager or by the lower authority to whom he may further delegate these powers. When, however, the lower authority decides to withhold an application it should be done only with the approval of the General Manager or the Head of Department concerned.

Applications of officers of the Junior Administrative grade and above may be forwarded to the Railway Board for disposal.

[E(NG)65 RC1/86 dated 16-12-1965 and E(NG) II 73/AP/2 dated 18-5-1973].

1403. Application for employment in a private concern. When a railway employee desires to apply for a post in a private concern he should first offer to resign or retire from railway service. For this purpose, any employment other than the employment under the Central Government or State Government, public sector enterprise wholly and partly owned by the Central Government or a State Government or an autonomous body wholly or substantially financed and controlled by the Central Government or a State Government will be treated as a private employment.

[E(NG) 57 RC1/56 dated 21-1-1961 and E(NG) 1/84 AP/9 dated 11-4-1986]

1404. Retention of lien on selection on the basis of the forwarding of application:

i. If a permanent railway employee is selected on the basis of his application for posts in other Central Government Department/Offices, his lien may be retained in the parent department for a period of 2 years. If the employee concerned is not permanently absorbed within a period of 2 years from the date of his appointment in the new post, he should immediately on expiry of the period of 2 years either resign from Railway service or revert to his parent cadre. An undertaking to abide by this condition may be taken from him at the time of forwarding of his application to other departments/offices.

ii. Temporary railway servants with less than 2 years service will be required to sever connections with railways in case of their selection for outside posts.

iii. When a permanent railway servant has joined a department/office where he is not confirmed within a period of 2 years due to some reasons, he may, in exceptional cases, be permitted to
retain the lien in the parent department/office for one more year. While granting such permission, a fresh undertaking similar to the one indicated above may be taken from the railway employee.

iv. Timely action should be taken to ensure extension/reversion/resignation of railway employees to their parent cadres on completion of the prescribed period of 2/3 years. In cases, where recalcitrant employees do not respond to instructions with the connivance or otherwise of their new employer, suitable action should be initiated against them for violating the agreement/undertaking given by them as per (i) and (iii) above and for termination of their lien.

1405. Continuity of service on technical resignation: A permanent railway servant appointed in another Central Government Department/Office has to resign from his parent department unless he reverts to that department within a period of 2 years or 3 years in exceptional cases. Such resignations shall not be deemed to be resignation within the meaning of Rule 41(2) of Railway Services (Pension) Rules, 1993 for the purpose of pension. As a consequence, continuity of service benefits should be allowed to such employees in the matter of leave also i.e. the railway employee will be allowed to carry forward the leave earned by him, not only on the Railway but that earned during the temporary service or probation in the Civil Department also.

1406. The applications of railway employees for posts under State Government and their undertakings etc. may be forwarded subject to the provisions of para 1404 and instructions issued from time to time and within the limit laid down for forwarding applications for outside posts.

(Authority:- Railway Ministry’s letter No. E(NG)I/2006/AP/2 dt. 30.3.2006)

1406-A. Forwarding of applications for posts advertised by Central/ Public Sector Undertakings/ Central Autonomous Bodies: Applications of Railway servants in response to press advertisement for posts in Central Public Enterprises/Autonomous Bodies may be forwarded with a clear understanding with the Railway servants that in the event of their selection for the post applied for they will sever their connections with the Railways before joining the Public Sector Undertakings/ Autonomous Bodies. There is no question of retention of lien in such cases. A Railway servant selected on the basis of his application with proper permission for post in Central Public Enterprises/Central Autonomous Bodies will be required to give his/her technical resignation before his/her relief from Railway service. The Railway servant may thereafter be relieved to take up appointment in the Public Sector Undertaking/ Autonomous Body. The relieving order should indicate the period within which the official should join the Public Sector Undertaking/ Autonomous Body. Normally this period should not be more than 15 days. This period may be extended by the competent authority for reasons beyond the control of the official. Necessary notification/orders accepting the resignation of the Railway servant from Railway service should be issued from the actual date of his/her joining the Public Sector Undertaking/Autonomous Body. The period between the date of relieving and the date of joining Public Sector Undertaking/Autonomous Body can be regulated as leave of the kind due and admissible and if no leave is due, by grant of extra ordinary leave. In case he/she is not able to join the Public Sector Undertaking/Autonomous Body within the period allowed by the competent authority, he/she should report back to the parent office forthwith.

1407. Permission for applying for posts advertised by International Organisations/ Foreign Governments: Railway servants may apply in response to open or public advertisement of vacancies by the International Organisation and Foreign Government's with the prior permission of the cadre controlling authority concerned. In rare cases, when the time available for submitting the application is short, a Railway servant may send his application to the concerned agency in advance with a copy to his cadre controlling authority and this may be confirmed or withdrawn subsequently depending on the decision of the authority. The cadre controlling authorities would consider each case only from the point of view of whether the Railways servant could be spared or not, no other general considerations should be applied in taking a decision in the case. Correspondence relating to the grant or denial of permission will be between a Railway servant concerned and the cadre controlling authority/ Government and latter will not correspond with the international organisation/ foreign Government on the subject.

1412. Forwarding of application of railway servants when conduct is under investigation :

(i) Applications of Govt. servants for other posts should not be forwarded when disciplinary proceedings against them are contemplated whether for major or minor penalty. In other words, when the conduct of a Govt. servant is under investigation and the investigation has reached a stage at which a prima facie case can be made-out but formal charge sheet is yet to be issued, the application of such a Govt. servant should not be forwarded. These posts fall vacant on account of a railway servant being on leave or due to non-availability of permanent or temporary railway servants and which cannot be kept vacant.
1513. **Circumstances under which substitutes can be recruited:**

(i) Ordinarily there should be no occasion to engage "substitutes" having regard to the fact that practically in all categories of railway servants leave reserve has been provided for. However, when owing to an abnormally high rate of absenteees the leave reserve may become inadequate or ineffective as in the case of heavy sickness, or where the leave reserve is available but it is not possible to provide the same, say at a wayside station, and it may become absolutely necessary to engage substitutes even in vacancies of short duration.

(ii) As far as possible Substitutes should be drawn from a panel of suitable candidates selected from Group 'C' and 'D' posts and should be engaged subject to the observations made in (i) above, only in the following circumstances:

(a) Against regular vacancies of unskilled and other categories of Group 'D' staff requiring replacement for which arrangements cannot be made within the existing leave reserve.

(b) Against a chain vacancy in the lower category of Group 'D' staff arising out of the incumbent in a higher Group 'D' category being on leave, where it is not possible to fill the post from within the existing leave reserve.

(c) Against posts in categories for which no leave reserve has been provided.

(d) Against vacancies in other circumstances notified by the Railway Board from time to time.

1514. **Emoluments payable to the Substitutes:** Substitutes should be paid regular scales of pay and allowances admissible to such posts, irrespective of the nature or duration of the vacancy.

1515. **Rights and privileges admissible to the Substitutes:** Substitutes should be afforded all the rights and privileges as may be admissible to temporary railway servants, from time to time on completion of four months continuous service. Substitute school teachers may, however, be afforded temporary status after they have put in continuous service of three months and their services should be treated as continuous for all purposes except seniority on their eventual absorption against regular posts after selection.

**Note:** The conferment of temporary status on the Substitutes on completion of four months continuous service will not entitle them to automatic absorption/appointment to railway service unless they are in turn for such appointment on the basis of their position in select lists and/or they are selected in the approved manner for appointment to regular railway posts.

Substitutes who are appearing in Railway Recruitment Board Examination will be entitled to relaxation of age by the period of service as substitute subject to the age of 35 years not being exceeded, provided he has put in 3 years (at one stretch or broken) service as substitute/casual labour.

1516. **Breaks in service.** The following cases of absence will not be considered as breaks in service for the purpose of determining four months' continuous employment referred to above:

(a) The periods of absence of a Substitute who is under medical treatment in connection with injuries sustained on duty covered by the provisions under the Workmen's Compensation Act.

(b) Authorised absence not exceeding 20 days during the preceding six months.

**Note:** Unauthorised absence or stoppage of work will be treated as a break in continuity of employment.

(c) Days of rest given under the Hours of Employment Regulations or under the Statutory Enactments and the days on which the Establishment employing the substitutes re-mains closed will not be counted against the limit of 15 days authorised absence referred to above. The term "authorized absence" for this purpose covers permission granted by the Supervisory official in charge to be away from the work for the period specified.
(d) Periods involved in journey etc., for joining the post on transfer from one station to another station or within the same station itself, in the exigencies of service but not exceeding in any case normal period of joining time permissible under the rules.

(e) A register should be maintained for recording the names of all "Substitutes" wherever employed according to the unit of recruitment e.g. Division, Workshops, P.W.Is. lengths etc. strictly in the order of their taking up Substitute employment at the time of their initial engagement.
